CITY OF HENDERSON
240 Water Street
P. O. Box 95050
Henderson, NV 89009

November 2, 2006

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Henderson, Nevada:

The comprehensive annual financial report for the City of Henderson for the fiscal year ended June 30, 2006 is hereby submitted. State law requires that local governments provide for an annual audit by independent certified public accountants of its financial statements in accordance with generally accepted auditing standards.

This report consists of management's representations concerning the finances of the City of Henderson. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Henderson has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Henderson's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Henderson's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Henderson's financial statements have been audited by Bartig, Basler & Ray, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Henderson for the fiscal year ended June 30, 2006 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Henderson's financial statements for fiscal year ended June 30, 2006, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Henderson was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited

November 2, 2006

government's internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Henderson's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Henderson is located in the southeastern part of Clark County, Nevada which ranks as the nation's top growth area. With a population of approximately 256,128, Henderson ranks as the second largest city in the State of Nevada. The City Charter was approved in its present form by the Nevada Legislature in 1971, and has been amended subsequent thereto.

The City operates under a council-manager form of government, with elective offices consisting of the mayor, four city councilmen, and two municipal court judges. The mayor and all councilmen are elected for four-year terms. Elections for city councilmen are held every other year with either three City Council seats or one City Council seat and the position of mayor being voted upon in any one election year. All City Council seats and the position of mayor are elected at large on a nonpartisan basis, although no two councilmen can be from the same ward of the City's four wards. City Council meetings are presided over by the mayor, or by the mayor pro tempore (a councilman elected to that position by the City Council), in the absence of the mayor.

The City provides a full range of services including police and fire protection; Municipal Court; detention facilities; water and sewer services; the construction and maintenance of boulevards, streets and other public infrastructure; recreational facilities and activities; cultural events; and a municipal golf course.

The City of Henderson maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget, as augmented, that was approved by the City Council and the State of Nevada's Department of Taxation. Prior to April 15, the Finance Director submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within

November 2, 2006

functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available.

Activities of the general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, and internal service funds, are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is statutorily required to be exercised at the function level. Appropriations lapse at year end. However, encumbrances generally are reappropriated as part of the following year's budget augmentation.

Factors Affecting Financial Condition

Local Economy. The state and local economy continues to provide a top-rated business and residential climate supporting ongoing growth in employment and population. The key economic sectors of tourism, hospitality, and construction continue to be driving forces in the local economy. Resort development continues to be an expanding part of Henderson's commercial development future with nearly 3,000 new rooms expected to be completed before the end of 2008. Local unemployment rates continue to be well below national averages, and population growth, as well as construction activity, is expected to be strong in Fiscal Year 2007, though at more moderate rates that will be sustainable in the longer term.

Located just seven miles from the famous Las Vegas Strip, Henderson is known throughout the nation for its premiere master planned residential communities, outstanding parks and recreational facilities, cultural activities, and a rapidly growing business community. Some of the nation's best known and most respected corporations have established major operations in Henderson. These include, but are not limited to, Ocean Spray Cranberries, Inc., Ethel M. Chocolates, Good-Humor-Breyers Ice Cream, Ford Motor Credit Company. Henderson also has defined gaming districts which include casino/resort development such as the Hyatt, Ritz Carlton, and Monte Lago at Lake Las Vegas, Sunset Station, Fiesta, and Green Valley Ranch Station.

The City has maintained current workforce and employee levels, while still delivering award-winning service to residents. Compared with other local municipalities, the City of Henderson continues to maintain the lowest employee-to-resident ratio at 6.9 employees per 1,000 residents. In addition, the city has protected its fiscal stability by focusing on building financial reserves since the last recession in 2001. Combined with conservative budgeting, the City has had the ability to sustain and enhance current municipal service levels.

November 2, 2006

The strength of the local economy continues to create new jobs in the multiple industry sectors, thus helping to increase the diversity of employment opportunities within the City of Henderson. As such, the City is projected to experience strong population growth, however, the rate of growth is expected to slow to historical rates. The median household income continues to outpace the county and state averages. The availability of relatively high-paying jobs and exceptional quality of life continues to attract new citizens.

Henderson has a tax rate of \$.7108 per \$100 in assessed valuation. This property tax rate has remained relatively steady for the past six years and continues to be one of the lowest in the State of Nevada.

Long Term Financial Planning. The City of Henderson has many long range plans. These plans include the following:

- Adding 43 police officers funded by the voter approved Sales Tax Override to improve police response time.
- Improving emergency communications by upgrading the 9-1-1 system, and adding a medical service officer to the dispatch center.
- Improving emergency response time by implementing an additional full-time rescue unit to the Fire Department and adding the first phase of a second fire ladder truck company.
- Expediting crime solving processes through the hiring of a forensic chemist, crime scene analysts and evidence technicians.
- Increasing traffic signal repair and preventative maintenance by adding a traffic signal technician and equipment.
- Continuing to invest in technology to enhance service delivery to customers and increase efficiency.
- Implementing additional protection of customer information by upgrading the information technology security system.
- Expanding the Meals on Wheels program for homebound senior citizens.

The City of Henderson continues to update the Capital Improvement Plan, a multi-year planning document that identifies and prioritizes the need for a variety of public improvements and coordinates the City's financing and construction time frames. Some of these capital projects for fiscal year 2007 include: Municipal Facilities to fund the Justice Facility Expansion and Parking Garage, the North Community Police Station, and the Senior Center; partnering with Clark County Regional Flood Control District, the Regional Transportation Commission and developers to fund projects to include flood channels, street projects, and parks; and grants to fund an extensive trail system.

An ongoing challenge for the City is the growing number of anti-tax ballot initiatives, which would impact the City's revenues and expenditures. The most visible initiative that will likely qualify for the 2007 ballot is the Tax and Spending Control for Nevada (TASC). This initiative proposes to limit the increase in state and local government spending by a factor of growth in

November 2, 2006

population plus inflation. TASC would require voter approval for new taxes, increases in existing taxes, multi-year direct or indirect debt, as well as any spending above the expenditure limits. If approved, TASC would become effective in Fiscal Year 2010 using Fiscal Year 2009 as the base year for expenditure limits. TASC would impact all City departments and would only maintain funding levels in situations involving one negative fiscal year, and would not protect funding levels against a multiple year economic recession.

Cash Management Policies and Practices. Cash temporarily idle during the year was invested in U. S. Treasury and agency obligations, banker's acceptances, and the State Treasurer's investment pool. The average yield on investments was approximately 3.33%.

The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, investments were either in U.S. Treasury and agency obligations; insured by Federal Depository Insurance; or collateralized. One hundred percent of the categorized investments held by the City at June 30, 2006 are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board. Investment income includes changes (appreciation or depreciation) in the fair value of investments. Increases in fair value during the current year, however, do not necessarily represent trends that will continue; nor is it always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

Risk Management. The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverage: a \$517 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$78,000,000 Boiler & Machinery policy with a \$100,000 deductible; \$2.7 million Inland Marine coverage on a scheduled basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employee dishonesty, forgery and alteration; and a \$7 million Fire Truck Physical Damage policy with a \$2,500 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition the City obtains an actuarial analysis on a biannual basis. At June 30, 2006 the Self Insurance Fund had \$5,466,157 in working capital. No current claims are expected to be settled in a manner which would adversely affect the fund's financial condition.

On July 1, 1992 the city became self insured for employee health benefits, providing medical dental and vision care. The City maintains a specific stop loss policy of \$100,000 per participant, per plan year with plan benefits subject to a \$1,000,000 lifetime maximum is maintained. A third party administrator is used to pay claims.

November 2, 2006

On April 1, 1993 the City became self insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,000,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2006 through April 1, 2007.

Pension Information. The employees of the City are covered by the State of Nevada Public Employees' Retirement System. The City does not exercise any control over the plan and is not liable for any of the plan's unfunded obligations. The Plan was established on July 1, 1948 by the Nevada Legislature and is governed by the Public Employees' Retirement Board, whose seven members are appointed by the Governor.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Henderson for its comprehensive annual financial report for the fiscal year ended June 30, 2005.

This was the 24th consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the Finance Department's Accounting Division staff as well as certain members of the City Manager's staff, Public Works Department, and the Neighborhood Services staff. We would like to express our appreciation to all members of the Departments who assisted and contributed to its preparation, as well as the contributions of the staff of Bartig, Basler & Ray, LLP, the City's independent auditors.

In closing, without the leadership and support of the City Council of the City of Henderson, preparation of this report would not have been possible.

Respectfully submitted,

Philip D. Speight
City Manager

Steven M. Hanson
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Henderson,
Nevada

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2005

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of and for the year ended June 30, 2006, which collectively comprise the City of Henderson's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of City of Henderson. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 of the notes to the financial statements, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 46, Net Assets Restricted by Enabling Legislation – an Amendment of GASB Statement No. 34 on July 1, 2005.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 5, 2006, on our consideration of City of Henderson's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing,

and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, on pages 3A thru 3M, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the City of Henderson's basic financial statements. The introductory section, combining and individual fund statements and schedules and statistical tables, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City of Henderson. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion & Analysis

As management of the City of Henderson, we offer readers of the City of Henderson's financial statements this narrative overview and analysis of the financial activities of the City of Henderson for the fiscal year ended June 30, 2006. Please read this in conjunction with the transmittal letter at the beginning of the report and the City's financial statements following this section.

Financial Highlights

- The assets of the City of Henderson exceeded its liabilities at June 30, 2006 by \$2,065,930,808 (net assets). Of this amount, \$175,883,099 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$267,060,848. See the sections on Governmental Activities and Business-type Activities below for explanations on the increase.
- As of June 30, 2006, the City of Henderson's governmental funds reported combined ending fund balances of \$357,203,351, an increase of \$147,148,038 in comparison with the prior year. This increase is mainly due to property owner contributions for special assessment districts, a bond issue for several citywide capital improvements, and increases due to growth and higher interest earnings. Approximately 94% of ending fund balances or \$336,714,972 is available for spending at the City's discretion (unreserved fund balance).
- As of June 30, 2006 unreserved fund balance in the general fund was \$29,690,577 or 16.9% of general fund expenditures.

Financial Statement Overview

This discussion and analysis is intended to serve as an introduction to the City of Henderson's basic financial statements. The City of Henderson's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Henderson's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City of Henderson's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Henderson is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City of Henderson that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Henderson include general government, judicial, public safety, public works, culture and recreation, and community support. The business-type

activities of the City of Henderson include Water and Sewer operations, the Development Services Center, a Convention Center, and a Municipal Golf Course.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Henderson, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Henderson can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Henderson maintains twenty-one individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, general obligation debt service fund, special assessment debt service fund, special assessment districts capital projects fund, and the municipal facilities capital projects fund, all of which are considered to be major funds. Data from the sixteen other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in the report.

The City of Henderson adopts an annual appropriated budget for all its governmental funds. A budgetary comparison for the City's general fund has been provided to demonstrate compliance with this budget. Budget comparisons for other funds are provided elsewhere in the report.

Proprietary funds. The City of Henderson maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Henderson uses enterprise funds to account for its Water and Sewer activities, and the Development Services Center, all of which are considered major funds. Data from the two nonmajor enterprise funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in the report. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Henderson's various functions. The City of Henderson uses internal service funds to account for its engineering services, its City vehicles, its self-insurance activities, to account for loan activities to other funds for special assessment districts and to account for general citywide services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water activities, the Sewer activities, Development Services activities, which are considered major funds of the City of Henderson. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Henderson's own programs.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds and nonmajor enterprise funds are presented immediately following the notes to the financial statements. Internal service funds are presented after the governmental fund statements.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Henderson, assets exceeded liabilities by \$2,065,930,808 at June 30, 2006.

The largest portion of the City of Henderson's net assets (66%) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Henderson uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Henderson's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Henderson's Net Assets

	Governmental Activities		Business Type Activities		Total	
	2006	2005	2006	2005	2006	2005

Net assets:						
Invested in capital assets, net of related debt	789,780,000	766,135,825	580,518,856	520,410,406	1,370,298,856	1,286,546,231
Restricted	314,016,644	159,497,376	205,732,209	202,113,468	519,748,853	361,610,844
Unrestricted	64,199,754	60,409,781	111,683,345	90,303,104	175,883,099	150,712,885
Total net assets	\$1,167,996,398	\$986,042,982	\$897,934,410	\$812,826,978	\$2,065,930,808	\$1,798,869,960

An additional portion of the City of Henderson's net assets (25%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$175,883,099, may be used to meet the City's ongoing obligations to citizens and creditors.

As of June 30, 2006 the City of Henderson is able to report positive balances in all three categories of net assets, both for government as a whole, as well as for its separate governmental and business-type activities. The same held true for the previous fiscal year.

There was an increase of \$23,644,175 in net assets invested in capital assets net of related debt for governmental activities. This was due mainly to developer donations of infrastructure, however this increase is not significant.

There was an increase of \$60,108,450 in net assets invested in capital assets net of related debt for business-type activities. Most of this increase is due to contributed assets and construction in progress. See Capital Assets section for further explanation.

There was an increase of \$154,519,268 in restricted net assets for governmental activities. Most of this increase is due to developer contributions for special assessment capital projects and bond issuances for capital improvements, thereby increasing fund balances restricted for capital projects. See discussion on Capital Assets below for further explanations.

The City of Henderson's net assets increased by \$267,060,848 during the current fiscal year, an increase in governmental net assets of \$181,953,416 and an increase in business-type activities of \$85,107,432. See explanations for the increases in the sections for Governmental Activities and Business-type Activities.

Net assets, June 30	\$1,167,996,398	\$986,042,982	\$897,934,410	\$812,826,978	\$2,065,930,808	\$1,798,869,960

Governmental Activities. Governmental activities increased the City of Henderson's net assets by \$181,953,416 thereby accounting for 68% of the total growth in net assets of the City of Henderson. Key elements of this increase are as follows:

- Operating grants and contributions increased by \$1,734,217 due to in large part to higher grant revenues for culture and recreation.
- Capital grants and contributions increased by \$93,174,981 (93%). This is due in large part to property owner contributions of approximately \$103 million in this fiscal year for two special assessment districts for which the City is not liable compared to approximately \$32 million in the previous fiscal year. Other increases related mostly to grant increases for parks, trails and natural areas as a result of the Southern Nevada Public Land Management Act.
- Property taxes increased by \$9,518,522 (16%) due to growth in assessed value.
- Other taxes increased by \$12,256,849 (42%) due to the new police sales tax, which will pay for new police officers, and to growth.
- During fiscal year 2005, there was a significant land exchange for West Henderson for which the City gave up land with minimal book value in exchange for land and cash of a higher value; in fiscal year 2006 this did not occur and accounts for the decrease of gain on sale of assets.

- Interest income increased by \$2,935,623 (84%) due to higher cash and investment balances and higher interest rates
- Increases in expenses are due in large part to population growth and therefore an increase in services and employees. Increases were also due to improvements to downtown Henderson, which is part of the Redevelopment district.
- Increases in judicial expenses are due to a criminal division created in fiscal year 2006, which was formerly reported in general government.
- Increases in public safety expenses are also due to additional expenses related to the new police sales tax.
- Charges for services and public safety expenses for 2005 were restated by a \$1,402,785 decrease due to a netting of bad debt expense against revenues, which in fiscal year 2005 was recorded as a public safety expense.

Revenues by Source - Governmental Activities

Business-type activities. Business-type activities increased the City of Henderson's net assets by \$85,107,432 accounting for 32% of the total growth in the government's net assets. Key elements of this increase are as follows:

- Charges for services increased by \$13,245,546 due in large part to growth. Other increases are due to a large rate increase in the permitting fees in the Development Services Fund in order to reach enhanced target levels relative to plan check and inspection services and the Municipal Golf Course was open for a full year as opposed to eight months in the previous fiscal year.
- Capital grants and contributions decreased by \$27,046,409 (26%) due in large part to the capital contributions relative to the acquisition of the Municipal Golf Course in fiscal year 2005 of approximately \$34.3 million. This decrease was offset by increased developer contributions of water and sewer lines.
- Interest income increased \$2,886,575 (29%) due to higher interest rates and higher cash and investment balances.
- Other revenues increased by \$802,136 (200%) due to a full year's amortization of a bond premium for bonds that were issued in fiscal year 2005.
- Development services center expenses increased \$3,105,699 (15%) due to increased staffing levels, which were planned in order to achieve enhanced target levels relative to plan check and inspection services. The enhanced target levels were intended to provide improved services to the development community.
- Other business-type expenses increased due in most part to a full year of operation of the municipal golf course, which opened in fiscal year 2005.

Revenues by Source - Business-type Activities

Financial Analysis of the City's Funds

Governmental funds. The focus of the City of Henderson's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Henderson's financing requirements. In particular unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Henderson's governmental funds reported combined ending fund balances of \$357,203,351, an increase of \$147,148,038 in comparison with the prior year. Approximately 94% of this balance (\$336,714,972) constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$1,824,112), 2) to pay debt service (\$6,603,260), 3) for land held for resale (\$5,545,425), 4) for a variety of other purposes (\$6,515,582).

General Fund. The general fund is the chief operating fund of the City of Henderson. At the end of the current fiscal year, unreserved fund balance of the general fund was \$29,690,577, while total fund balance was \$31,514,689. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 16.9% of total general fund expenditures, while total fund balance represents 17.9% of that same amount.

The fund balance of the general fund increased by \$3,137,890 during the current fiscal year. Key factors for this net increase are as follows:

Property taxes increased by \$4,151,125 (14%) due to growth in assessed value.

Franchise fees increased by \$2,881,981 (12%) and intergovernmental revenues increased by \$6,471,874 (6%) due to the City's growth.

Charges for services increased \$1,194,537 (9%) due to the City's growth.

These increases were offset by a total increase in general fund expenditures. The most significant of these increases was in the current expenditures for public safety which increased by \$6,740,562 due to increase in staffing levels.

General Obligation Debt Service Fund. The general obligation debt service fund has a total fund balance of \$4,352,167, all of which is reserved for payment of debt service. The net increase in the fund balance was \$3,505,205 due mainly to transfers from other funds for their respective share of debt service.

Special Assessment Districts Debt Service Fund. The special assessment districts debt service fund has a total fund balance of \$848,808, all of which is reserved for payment of debt service. The net decrease in the fund balance was \$529,091 due to payments of assessments last fiscal year that were used for debt service this fiscal year.

Special Assessment Districts Capital Projects Fund. The special assessment districts capital projects fund has a total fund balance of \$159,366,183 which is unreserved. The net increase in fund balance was \$72,326,230. The increase to fund balance was due mainly to approximately \$102.7 million in property owner contributions related to Local Improvement Districts T-17 and T-18 special assessment bond proceeds for which the City is not liable. Interest earnings were approximately \$5.3 million due to high cash balances.

These revenues were offset by approximately \$35.7 million in construction costs for special assessment district infrastructure.

Municipal Facilities Acquisition & Construction Capital Projects Fund. The municipal facilities acquisition & construction capital projects fund has a total unreserved fund balance of \$89,629,631. The net increase in fund balance of \$62,656,084 was due mainly to a bond issue of \$56 million to acquire, construct, repair and equip building projects, recreational projects and utility projects.

Proprietary funds. The City of Henderson's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the water fund at the end of the fiscal year amounted to \$57,011,538, and total growth in net assets was \$44,491,397. Unrestricted net assets of the sewer fund at the end of the fiscal year were \$50,274,730, and total growth in net assets was \$40,993,445. Unrestricted net assets in the development services fund at the end of the fiscal year were \$9,258,660, and the total increase in net assets was \$1,739,295. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Henderson's business-type activities.

General Fund Budgetary Highlights

Functions represent the City's legal level of budgetary control. The final budget expenditure appropriations increased by \$10.4 million, or 5.7% over the original budget. This increase was mainly due to the re-authorization of outstanding encumbrances and unspent appropriations for capital purchases and professional services from the prior year in all functions. Many budgeted capital purchases and projects had not been completed by the end of Fiscal Year 2005, and were re-appropriated in Fiscal Year 2006.

Actual expenditures were 90.6% of appropriations, or \$18.2 million lower than the final budget. All functions are well within appropriation authority. The savings were mainly due to staffing vacancies that occurred during the fiscal year, as well as projects that were not completed by the end of the fiscal year and will be re-appropriated to the subsequent year. The main areas of savings are summarized below:

- Actual General Government expenditures were \$10.3 million below the final budget. Several projects within Information Technology, City Manager's Office, Finance, and Building Maintenance were not completed by year-end and were deferred to the subsequent year, in addition to \$2 million in vacancy savings.
- Actual Public Safety expenditures were \$3.6 million below the final budget, primarily due to vacancy savings, as well as projects that were deferred to the subsequent year.
- Actual Public Works expenditures were \$1.8 million below the final budget, primarily due to projects that were deferred to the subsequent year.
- Actual Culture and Recreation expenditures were \$1.8 million below the final budget, mainly due to equipment purchases and projects that were deferred to the subsequent year, as well as vacancy savings.

Capital Assets and Debt Administration

Capital assets. The City of Henderson's investment in capital assets for its governmental and business-type activities as of June 30, 2006 amounts to \$1,738,041,113 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, park facilities, roads,

highways, bridges and a municipal golf course. The total increase in the City of Henderson's investment in capital assets was \$162,072,302 (\$75,691,360 for governmental activities and \$86,380,942 for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Buildings increased by \$7,943,656 in business type activities due to approximately \$5 million for the completion of a sewer substation and approximately \$3 million for City Hall Expansion completion.
- Improvements other than buildings for business type activities increased by \$50,843,917 primarily due to donated infrastructure. Other increases were due to approximately \$7 million for the completion of the ultraviolet light water treatment project; approximately \$1.8 million for completion of a reservoir project; and approximately \$16.6 million construction of water lines.
- Machinery and equipment for business type activities increased by \$4,878,105 due primarily to the completion of converting from a manual-read meter system to a radio-read meter system
- Infrastructure for governmental activities increased by \$58,847,839 mainly due to developer contributions. Other increases were from City financed infrastructure for the Boulder Highway Channel, the Auto Mall Interchange, Horizon Ridge Parkway, and a Storm Water Conveyance System.
- Construction in progress for governmental activities increased by \$10,381,505 due to construction of the City Center Plaza.
- Construction in progress for business type activities increased by \$22,547,755. This increase is due to approximately \$27 million for the Water Reclamation Facility Expansion, approximately \$7.4 million for a new water pumping system and transmission station, approximately \$5 million for a satellite Water Reclamation Facility. These increases were offset by the completion of projects described above.

Additional information on the City of Henderson's capital assets can be found in note 6 to the financial statements.

Long-term debt. At the end of the current fiscal year, the City of Henderson had total bonded debt outstanding of \$430,584,554. Of this amount, \$171,795,000 is considered general obligation debt, \$16,340,000 is tax allocation debt, and \$585,000 is considered special assessment debt for which the City is obligated in some manner. The remainder of the City of Henderson's bonded debt represents bonds to be paid from the City's Water and Sewer activities.

City of Henderson's Outstanding Bonds

	Governmental Activities		Business-type Activities		Total	
	2006	2005	2006	2005	2006	2005
General obligation bonds	\$171,795,000	\$125,240,000	\$ -	\$ -	\$171,795,000	\$125,240,000
Tax allocation bonds	16,340,000	16,340,000	-	-	16,340,000	16,340,000
Special assessment debt with government commitment	585,000	1,215,000	-	-	585,000	1,215,000
Water & sewer bonds	-	-	241,864,554	253,896,193	241,864,554	253,896,193
Total	\$188,720,000	\$142,795,000	\$241,864,554	\$253,896,193	\$430,584,554	\$396,691,193

During the fiscal year the City issued general obligation bonds for capital projects. The City also issued general obligation and water and sewer bonds to refund some of its capital leases and existing water and sewer bonds. The result is expected to result in a decrease in future debt service payments of \$341,502.

Standard & Poor's Ratings Service and Moody's Investor's Service general obligation bond ratings are "AA and "Aa2", respectively.

As of June 30, 2006, the City's net general obligation bonded debt subject to the legal debt margin of \$413,659,554 was below the legal limit of \$1,565,813,682.

Additional information on the City of Henderson's long-term debt can be found in note 8 to the financial statements.

Other Factors

- In 2005 the Nevada State Legislature passed a law to provide a property tax relief to all citizens. Assembly Bill 489 was signed in law on April 6, 2005 and provides a partial abatement of taxes by applying a 3% cap on the increase in the tax bill for the owner's primary residence (single family house, townhouse, condominium or manufactured home). Only one property may be selected in the State of Nevada as a primary residence. Some rental dwellings that meet the low-income rent limits may also qualify for a 3% cap on the tax bill. An 8% cap on the increase in the tax bill will be applied to residences that are not owner occupied. The 8% cap will also apply to vacant land, commercial buildings, business personal property, aircraft, etc. This tax abatement reduced the amount of increased property tax dollars for the City by an estimated \$30.2 million for fiscal year 2007.
- The City will maintain the property tax rate in the City of Henderson which is \$.7108 per \$100 in assessed valuation, one of the lowest in the state of Nevada.
- The City continues to have growth in population and development which impacts sales tax and property tax revenues.

- Sales taxes and public safety expenses will increase due to a voter approved sales tax increase to support the hiring of police officers. Fiscal year 2007 will show a full year's effect of this increase.

All of these factors were considered in preparing the City of Henderson's budget for the 2006/2007 fiscal year.

During the current fiscal year unreserved fund balance in the general fund increased to \$29,690,577. The City of Henderson has appropriated approximately \$7.7 million of this amount for spending in the 2006/2007 fiscal year budget. It is intended that this use of available fund balance will pay for one time capital purchases.

Requests for Information

This financial report is designed to provide a general overview of the City of Henderson's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 240 Water Street, Henderson, Nevada 89015.

CITY OF HENDERSON, NEVADA

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities Governmental Funds For the Year Ended June 30, 2006

Net Change in Fund Balances - Governmental Funds		\$	147,148,038
Amounts reported for governmental activities in the statement of net assets are different because:			
Governmental funds report capital outlay as expenditures and the proceeds from the sale of assets as other financing sources. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and only the gain or loss is recorded when assets are sold.			
Expenditures for capital assets	\$	46,899,107	
Sale/disposition of assets		(116,456)	
Less: Current year depreciation		<u>(49,580,147)</u>	
			(2,797,496)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.			
Changes in deferred revenue		(212,787)	
Donated capital assets		<u>75,357,567</u>	
			75,144,780
Bond and lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which bonds issued exceeded repayments and costs of issuance			
Bonds and leases issued		(59,885,000)	
Bond issuance costs		2,347,005	
Bond premium		(1,221,917)	
Accrued interest		(136,380)	
Principal payments		<u>14,413,711</u>	
			(44,482,581)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds			
Amortization of current year bond premium, discount and costs		685,566	
Change in long-term compensated absences		(2,677,601)	
Change in arbitrage payable		<u>185,069</u>	
			(1,806,966)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income of the internal service funds is reported with governmental activities.			
			<u>8,747,641</u>
Change in Net Assets of Governmental Activities		\$	<u>181,953,416</u>

The accompanying notes are an integral part of these financial statements.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies**

A. The Reporting Entity

The City of Henderson, Nevada (the “City”) was originally incorporated in 1953. It is governed by an elected mayor and four council members. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. As required by GAAP, these financial statements present the activities of the City and its component unit. Blended component units, although legally separate entities, are in substance, part of the City’s operations and, therefore, data from these units are combined with data of the primary government.

In evaluating how to define the financial reporting entity, management considered all potential component units using standards prescribed under GASB Statement No. 14 “The Financial Reporting Entity”. Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization’s governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based on these criteria, no component units or other reportable organizations other than the City of Henderson Redevelopment Agency were identified.

The City of Henderson Redevelopment Agency (“Agency”) is a blended component unit and is governed by a five-member board composed of the four City Council members and the Mayor. The Agency was set up in fiscal year 1996 as a separate and distinct legal entity to provide a diversified and strengthened economy in the central area of the City. For financial reporting purposes, the Agency is reported as if it were part of the City’s operations, as a special revenue fund, since it operates within an established area in the City and its sole purpose is to plan and finance revitalization projects in the City’s central area. Financial statements of the Agency can be obtained from the City of Henderson Finance Department, 240 Water Street, Henderson, Nevada 89015.

B. New Accounting Pronouncements

Governmental Accounting Standards Board Statement No. 46

For fiscal year ended June 30, 2006, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 46, *Net Assets Restricted by Enabling Legislation – an Amendment of GASB Statement No. 34*”. This Statement

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: Summary of Significant Accounting Policies

B. New Accounting Pronouncements (continued)

Governmental Accounting Standards Board Statement No. 46 (continued)

is effective for fiscal periods beginning after June 15, 2005. This Statement requires that limitations on the use of net assets imposed by enabling legislation be reported as restricted net assets. A legally enforceable enabling legislation restriction is one that a party external to the City – such as citizens, public interest groups, or the judiciary – can compel a government to honor. Implementation of GASB Statement No. 46 did not have an impact on the City's financial statements for the year ended June 30, 2006, but required additional disclosure related to restricted net assets (see Note 14).

C. Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component unit. Eliminations have been made to minimize the double-counting of internal activities. Services provided by the General Fund to other funds are reported as expenditures or expenses, as appropriate, in the funds receiving the services and as reductions of expenditures in the General Fund. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity are offset by program revenues. *Direct expenses* are those that are specifically associated with a function or business-type activity. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity and 2) grants, contributions and interest income that are restricted to meeting the operational or capital requirements of a particular function or business-type activity. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The City first utilizes restricted resources to finance qualifying activities, then unrestricted resources as they are needed.

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component unit. Separate statements for each fund category, *governmental*, *proprietary* and *fiduciary*, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: Summary of Significant Accounting Policies

C. Government-Wide and Fund Financial Statements (continued)

Proprietary fund operating revenues, such as charges for services, and operating expenses result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings and nonoperating expenses result from nonexchange transactions or ancillary activities.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus*, and the *accrual basis of accounting*, as are the proprietary fund financial statements. Agency funds have no measurement focus. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

In accordance with GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and other Governmental Entities That Use Proprietary Fund Accounting", the City applies all applicable FASB pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The City has elected not to apply FASB pronouncements issued after November 30, 1989.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *measurable* when the amount of the transaction can be determined and *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

D. **Measurement Focus, Basis of Accounting and Financial Statement Presentation** (continued)

Property taxes, special assessments, sales taxes, consolidated tax revenue (sales taxes, cigarette taxes, motor vehicle privilege taxes, liquor taxes), gaming taxes, gasoline taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, franchise fees, charges for services, and fines and forfeits are not susceptible to accrual because generally they are not measurable until received in cash.

Property tax revenue is recognized in the fiscal year in which the taxes become due to the extent they are collected during the fiscal year or soon enough thereafter that they can be used to finance current period expenditures (no later than 60 days after year-end).

The City reports deferred revenue in the fund financial statements balance sheets. Deferred revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **General Obligation Debt Service Fund** accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

The **Special Assessment Districts Debt Service Fund** accounts for the accumulation of resources and payment of special assessment debt principal and interest from special assessment levies when the government is obligated in some manner for the payment.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The **Special Assessment Districts Capital Projects Fund** accounts for the cost of public improvements such as street lighting, streets, curbs, gutters, water and sewer benefiting certain property owners. Funding is provided by the issuance of special assessment district bonds.

The **Municipal Facilities Acquisition & Construction Capital Projects Fund** accounts for costs associated with the acquisition, construction and improvement of public building facilities.

The City reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

The **Sewer Fund** accounts for the provision of sanitary sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

The **Development Services Fund** accounts for the activities and transactions related to the building permit processing function. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, permit processing, issuance, monitoring, building inspection, plan checking, certain development reviews and related administrative expenses.

Additionally, the City reports the following fund types:

Internal Service Funds account for operations such as engineering; vehicle acquisition and maintenance; insurance; lending; and general technology that provide services or resources to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis.

Agency Funds are used to account for assets that the City holds for others in an agency capacity for developer contributions for bridges, traffic signals and street frontage paving costs; for an employee benefits plan; for forfeited assets pending court adjudication; and for funds held to pay special assessment debt for which the City is not liable.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: Summary of Significant Accounting Policies (continued)

E. Assets, Liabilities and Equity

1. Cash and Investments

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements.

Cash and cash equivalents include currency on hand, demand deposits with banks and other highly liquid investments with original maturities of three months or less, from the date of acquisition, which are readily convertible to cash. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents.

State statutes authorize the City to invest in obligations of the U.S. Treasury, certain farm loan bonds, certain securities issued by Nevada local governments, repurchase agreements, banker's acceptances, commercial paper, negotiable certificates of deposit and money market mutual funds. All investments are stated at fair value.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All such balances within the governmental activities or business-type activities are eliminated in the government-wide statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statements as "internal balances."

3. Property Taxes

The Clark County Assessor assesses all real property by December 31 of each year. The County Treasurer bills and collects the City's share of property taxes. The County Treasurer remits, on a monthly basis, current and delinquent property tax collections to the City.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

3. **Property Taxes** (continued)

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1st, which provides for the allowable tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25th, the levy date, and property is liened on July 1st. Taxes on real property are due on the third Monday in August of each year and may be paid in quarterly installments on or before the third Monday in August, and the first Mondays in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 15 percent per year from the date the taxes were due, if four or more installments were delinquent, until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property.

4. **Restricted Assets**

Bond covenants of the City's Water and Sewer Enterprise Funds require portions of the debt proceeds, as well as other resources, to be set aside for various purposes. These amounts are reported as restricted assets.

5. **Capital Assets**

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as those assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. All purchased capital assets are valued at cost or estimated historical cost. Donated assets are recorded at their estimated fair market value on the date donated.

General infrastructure assets acquired prior to July 1, 2002 consist of the road network assets, storm drain network assets and bridges that were acquired or that received substantial improvements subsequent to July 1, 1980. The road network and storm drain network assets acquired prior to July 1, 2001 are reported at estimated historical cost using deflated replacement cost. Bridges are valued at initial installation cost.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: Summary of Significant Accounting Policies (continued)

E. **Assets, Liabilities and Equity** (continued)

5. **Capital Assets** (continued)

The major subsystems within the road network and storm drain network are as follows:

Road Network

Asphalt
Sidewalks
Curbs and gutters
Streetlights
Traffic signals

Storm Drain Network

Storm drain infrastructure
Storm drain drop inlets

Capital assets are recorded at cost (including capitalized interest for business-type activities incurred during the construction phase on debt financed projects). Depreciation is computed using the straight-line method for all assets over the following estimated useful lives:

<u>Assets</u>	<u>Life</u>
Buildings	20 to 50 years
Improvements other than buildings	5 to 15 years
Machinery	5 to 10 years
Vehicles	3 to 10 years
Infrastructure	15 to 50 years

6. **Banked Water**

In 1994, the City entered into a Cooperative Agreement ("Edison Contract") to recharge underground storage aquifers among Southern Nevada Municipal Water Purveyors, (the "Purveyors"). The agreement intended to allow each Purveyor, if it so chooses, to have stored for its account in the Las Vegas Valley groundwater basin by July 1, 2006 approximately the total quantity of water that the Purveyor will be obligated to make available to Southern California Edison Company from July 2, 2006 through July 1, 2026 pursuant

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

6. **Banked Water** (continued)

to the Edison Contract. On March 21, 2006 this Cooperative Agreement was terminated and a new Cooperative Agreement for the Sale and Transfer of Water Banked in the Las Vegas Valley Groundwater Basin ("Agreement") was entered into among the Southern Nevada Water Authority, the Las Vegas Valley Water District, the City of Henderson, the City of North Las Vegas, the City of Boulder City and the Big Bend Water District, (collectively, excluding the Authority, the Purveyors). The new agreement provided for the reimbursement to each Purveyor member's costs under the 1993 agreement and transferred the banked water to the Southern Nevada Water Authority.

7. **Water Delivery Deposit**

The City and Basic Management, Inc. (BMI), executed a water delivery contract on May 22, 1990. BMI agreed to deliver water entitlements from Lake Mead to the City for payment under the terms of the agreement. Mutual review of the contract by the City and BMI resulted in modifications to the terms of the agreement. On September 20, 2005, the City and BMI amended the original agreement in which the City agreed to take an additional 4,000 acre feet of water per year. The amended agreement required the City to place a refundable deposit of \$5,515,782 with BMI on October 1, 2005 that would pay for the additional water to be delivered. The refundable deposit accrues interest at 4.5% annually and will be applied monthly. The balance of the refundable deposit as of June 30, 2006, is \$5,171,330.

8. **Compensated Absences**

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund statements. In governmental funds, the current portion of compensated absences, vacation leave and sick leave actually paid or accrued as a result of employees who have terminated, is recorded as a payroll expenditure.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

9. **Provisional Credits (Enterprise Fund)**

The City has entered into refunding agreements whereby developers construct water and sewage transmission lines from their property to existing City lines at the expense of the developers. The developers are to be reimbursed by the City from the collection of connection fees or user charges.

These agreements are principally for the term of ten years with all liability canceled either by reimbursement to the developers from subsequent connection fee assessments in the related areas or upon expiration of the term of the agreements.

10. **Long-Term Debt**

In the government-wide and proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense using the straight-line method. Issuance costs are reported as deferred charges and amortized over the term of the related bond.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of bonds issued is reported as other financing sources, as are bond premiums. Bond discounts are recorded as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

11. **Equity Classifications**

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. **Invested in Capital Assets, Net of Related Debt** – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2006

Note 1: **Summary of Significant Accounting Policies** (continued)

E. **Assets, Liabilities and Equity** (continued)

11. **Equity Classifications** (continued)

- b. **Restricted Net Assets** – Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- c. **Unrestricted Net Assets** – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved. Reservations of fund balance consist of amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Proprietary fund equity is classified the same as in the government-wide statements.

12. **Use of Estimates**

The preparation of these financial statements includes estimates and assumptions made by management that affect the reported amounts. Actual results could differ from those estimates.

Note 2: **Reconciliation of Government-Wide and Fund Financial Statements**

A. **Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets**

The governmental funds balance sheet includes a reconciliation between *fund balances – governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of net assets, the cost of those assets is capitalized and reported net of accumulated depreciation.” The details of capital assets and accumulated depreciation are as follows:

CITY OF HENDERSON, NEVADA

For the Year Ended June 30, 2006

Note 2: **Reconciliation of Government-Wide and Fund Financial Statements** (continued)

A. **Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets** (continued)

Capital Assets:	
Infrastructure assets	\$ 821,214,326
Other capital assets	<u>516,993,264</u>
 Governmental Capital Assets	 <u>\$ 1,338,207,590</u>
Accumulated Depreciation:	
Infrastructure assets	\$ 304,231,595
Other capital assets	<u>67,344,844</u>
 Accumulated Depreciation	 <u>\$ 371,576,439</u>

B. **Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities**

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balance – governmental funds* and *change in net assets of governmental activities* as reported in the government-wide statement of activities.

One element of that reconciliation explains that “Governmental funds report the proceeds from the sale of assets as other financing sources. However, in the statement of activities only the gain or loss on the sale is recorded.” The details of this difference are as follows:

Gain on sale of assets on the statement of activities	\$ 2,499,958
Loss on disposition of assets on the statement of activities included in the general government function	(292,750)
Amount resulting from internal service fund activities included elsewhere on the reconciliation	(816,422)
Land sales included in the net change in fund balances – governmental funds	<u>(1,507,242)</u>
 Net Difference in Reporting Sales/Disposition of Assets	 <u>\$ (116,456)</u>

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 2: **Reconciliation of Government-Wide and Fund Financial Statements** (continued)

B. **Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities** (continued)

Another element of that reconciliation states that "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds." The details of this difference are as follows:

Property taxes and miscellaneous revenues appear in the governmental funds as they are current financial resources, but were previously recognized as revenue in the statement of activities	\$ 41,905
Deferred revenues in prior years is included in beginning net assets on the statement of activities, but is recorded as revenues in the governmental funds	<u>(254,692)</u>
Change in Deferred Revenue	<u><u>\$ (212,787)</u></u>

C. **Explanation of Certain Differences Between the Proprietary Fund Statement of Net Assets and the Government-Wide Statement of Net Assets**

The proprietary fund statement of net assets includes a reconciliation between Net Assets – total enterprise funds and net assets of business-type activities as reported in the government-wide statement of net assets. The description of the sole element of that reconciliation is "Adjustment to reflect the consolidation of Internal Service Fund activities related to Enterprise Funds." The details of this \$7,789,930 difference are as follows:

Internal service fund loss allocation to business-type activities – Prior years	\$ (5,989,860)
Internal service fund loss allocation to business-type activities – Current year	<u>(1,800,070)</u>
	<u><u>\$ (7,789,930)</u></u>

Note 3: **Stewardship, Compliance and Accountability**

A. **Budgetary Information**

Annual budgets are legally adopted for all funds except Agency Funds and use a basis of accounting consistent with accounting principles generally accepted in the United States of America.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements
For the Year Ended June 30, 2006

Note 3: **Stewardship, Compliance and Accountability** (continued)

A. Budgetary Information (continued)

Prior to April 15, the Finance Director submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada State Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council of whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval. The revenue classifications and expenditure functions shown in the fund financial statements are those prescribed by the Nevada Department of Taxation.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available. The most significant change occurred in the Capital Projects Funds (\$138,242,231). Nevada Law requires budgetary control to be exercised at the function level.

B. Excess of Expenditures/Expenses Over Appropriations

Total expenditures/expenses exceeded those budgeted for the year in the following funds:

Multipurpose Special Revenue Fund:	
Public Works	\$ 5,358
Self-Insurance Internal Service Fund	178,914
Workmen's Compensation Internal Service Fund	2,297,843

The above appear to be potential violations of NRS 354.626.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 4: Cash and Investments

The following is a reconciliation of the City's deposit and investment balances as of June 30, 2006:

Cash:	
Cash on hand	\$ 12,356
Deposits in bank	2,900,099
Investments	<u>865,859,394</u>
 Total cash and investments	 <u>\$ 868,771,849</u>

Total cash and investments at June 30, 2006 were presented on the City's financial statements as follows:

	<u>Unrestricted</u>	<u>Restricted</u>	<u>Total</u>
Governmental activities	\$385,826,688	\$ --	\$385,826,688
Business-type activities	397,296,795	9,943,909	407,240,704
Fiduciary funds	<u>75,704,457</u>	<u>--</u>	<u>75,704,457</u>
 Total cash and investments	 <u>\$858,827,940</u>	 <u>\$ 9,943,909</u>	 <u>\$868,771,849</u>

State statutes govern the City's deposit policies. City monies must be deposited in insured banks and savings and loan associations. The City is authorized to use demand accounts, time accounts and certificates of deposit.

State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible state investments.

The City's agent, in the City's name, holds securities used as collateral to secure deposits. The depository bank submits monthly reports to the City indicating the type, the amount and the market value of the pledged securities. The City does not, however, have written custodial agreements with the trust bank for demand deposits.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2006, the recorded amount of the City's deposits was \$2,900,099 and the bank balance was \$6,780,897. Of the bank statement balance \$300,000 was covered by federal depository insurance and \$6,480,897 was subject to collateralization.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 4: Cash and Investments (continued)

The City invests monies both by individual fund and through pooling of monies. The pooling of monies, referred to as an internal investment pool, is theoretically invested on the whole and not as a combination of monies from each fund belonging to the pool. In this manner, the City's Finance Director is able to invest the monies at a higher interest rate for a longer period of time. Interest revenue is apportioned monthly to each fund in the pool based on the average cash balance of the fund for the month. The City investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Finance Director are regulated by Nevada Revised Statutes (NRS 355.170).

The following table identifies the investment types and minimum credit ratings authorized for the City of Henderson by NRS 355.170 and 355.171:

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer	Minimum Rating S & P	Moody

The Local Government Investment Pool is an external investment pool administered by the Treasurer of the State of Nevada, with oversight provided by the Board of Finance. The fair value of the City's position in the pool is the same as the value of pool shares.

Interest Rate Risk

The City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy.

Concentration of Credit Risk

At June 30, 2006, in accordance with State laws as defined in the table found on page 33, the City was not in violation of the maximum percentage of total portfolio per investment type, nor the maximum percentage per single issuer restrictions.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 4: **Cash and Investments** (continued)

The following is a summary of the credit quality distribution and concentration of credit risk by investment type as a percentage of their respective pool:

	S&P	Moody's	% of Portfolio

Total			100.00%

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, the City's investment pool and specific investments had no securities exposed to custodial credit risk.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 5: Interfund Balances and Activity

The composition of interfund balances as of June 30, 2006 is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	\$ 1,027,511
General Obligation Debt Service	Internal Service Funds	<u>1,055,000</u>
		<u><u>\$ 2,082,511</u></u>

The amounts due to the General Fund represent a cash loan to another fund. The amount due to the General Obligation Debt Service Fund is the Internal Service Funds' obligation for debt service related to bonds issued to liquidate capital leases in the Internal Service Funds.

Advances to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Internal Service Funds	Special Assessment Districts – Capital Projects Fund	\$ 3,167,405
Nonmajor Governmental Funds	Nonmajor Governmental Funds	<u>791,592</u>
		<u><u>\$ 3,958,997</u></u>

The amounts owed to the Internal Service Funds represent loans to the Special Assessment Districts to be repaid from Special Assessments. The amount for \$791,592 is a note receivable from the City of Henderson Redevelopment Agency to other governmental funds for a land purchase.

Internal Balances:

	<u>Amount</u>
Effects of prior years internal service activity	\$ (5,989,860)
Effects of current year internal service activity	<u>(1,800,070)</u>
	<u><u>\$ (7,789,930)</u></u>

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 8: Long-Term Debt

A. **Advance Refundings**

In October 2005, the City issued \$5,365,000 in General Obligation Water and Sewer Refunding Bonds, Series 2005C. These proceeds were placed in an irrevocable trust with an escrow agent for the purpose of generating resources for all future debt service payments on \$5,240,000 of refunded debt. This advance refunding was undertaken to reduce total debt service payment over the next four years by \$344,404 and resulted in an economic gain of \$225,618.

In October 2005, the City issued General Obligation Medium-Term Various Purpose Bonds Series 2005B in the amount of \$3,885,000. A portion of the proceeds were placed in an irrevocable trust with an escrow agent for the purpose of generating resources for all future debt service payments on \$3,529,551 of refunded capital leases. This refunding increased total debt service payments over the next five years by \$2,902 and resulted in an economic gain of \$36,002. Remaining proceeds were used to acquire and install fitness equipment for fire stations and recreational facilities.

B. **New Debt Issuance**

In December 2005, the City issued General Obligation Bonds Series 2005D in the amount of \$56,000,000. The bonds were issued to acquire, construct, repair, and equip building projects, recreational projects and utility projects for the City. The bonds will mature annually on June 1 of each year starting in 2007 and ending in 2035. Interest on the bonds is payable on June 1 and December 1, commencing on June 1, 2006. Interest varies between 4.0% and 5.0%.

C. **Changes to Long-Term Debt**

The following schedule summarizes the changes in long-term debt:

	Balance July 1, 2005	Additions	Deletions	Balance June 30, 2006	Amounts Due Within One Year

Notes to Financial Statements For the Year Ended June 30, 2006

Note 8: Long-Term Debt (continued)

C. **Changes to Long-Term Debt** (continued)

Compensated absences typically have been liquidated by the General and Enterprise Funds. Claims payable typically have been liquidated by the Internal Service Funds. Arbitrage liabilities have typically been liquidated by the Capital Projects Funds and Enterprise Funds. The landfill post-closure costs will likely be paid from the General Fund.

D. **Payment Requirements for Debt Service**

The annual requirements to pay principal and interest on all bonds, capital lease obligations, and notes payable outstanding are as follows:

Year Ending June 30:	Revenue Bonds		Capital Leases		General Obligation Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 8: **Long-Term Debt** (continued)

E. Special Assessment Bonds

Principal and interest are payable from the assessments levied. District T-2 is obligated, to the extent that it has legally available surplus funds, to apply such surplus funds to the purchase of property in the assessment district that is not sold as a result of foreclosure proceedings. The City has issued various special assessment debt with an outstanding balance of \$341,965,000. The City of Henderson is only acting as an agent for these bonds and is not liable for the debt.

F. Prior Year Defeasance of Debt

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. At June 30, 2006, outstanding general obligation bonds in the amount of \$151,655,000 are considered defeased.

Note 9: **Retirement Plan**

The City is a public employer participating in the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer defined benefit plan administered by PERS. All full-time employees are covered under the system. In addition, those part-time employees working at least twenty hours per week are covered. The City has no liability for unfunded obligations of the system as provided by Nevada Revised Statute (NRS) 286.110.

Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under the Plan include pension benefits, disability benefits and death benefits.

Monthly benefit allowances for regular members are computed at 2.67% of average compensation (36 consecutive months of highest compensation) for each accredited year of service prior to retirement with a ceiling of 75% of the average compensation. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during his/her life and various optional monthly payments to a named beneficiary after his/her death. Regular members are eligible for retirement at age 65 with 5 years of service, age 60 with 10 years of service or any age with 30 years of service.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 9: **Retirement Plan** (continued)

Police and firemen are eligible for retirement at age 65 with 5 years of accredited police and fire service, age 55 with 10 years of accredited police and fire service, age 50 with 20 years of accredited police and fire service or at any age with 30 years of accredited police and fire service. A member who retired on or after July 1, 1977 or is an active member whose effective date of membership is before July 1, 1985 and who has 36 years of service is entitled to a benefit of up to 90% of his/her average compensation. When members are eligible for the earlier retirement due to the increased service years, the ceiling limitation on monthly benefit allowances increases from the normal 75% to a maximum of 90% of average compensation. Regular members and members of the Police and Firemen Fund become fully vested as to benefits upon completion of 5 years of service.

Member contribution rates are established by NRS 286.450, which requires adjustments on each odd numbered year based on the actuarially determined contribution rate indicated in the biennial actuarial valuation. The City is enrolled in the employer pay contribution plan of PERS and is, therefore, required to contribute all amounts due under the Plan.

The City's contribution rates and amounts contributed for the last three years are as follows:

<u>Fiscal Year</u>	<u>Contribution Rate</u>		<u>Total Contribution</u>
	<u>Regular Members</u>	<u>Police/ Fire</u>	
2005/06	19.75%	32.0%	\$ 28,963,067
2004/05	20.25%	28.5%	\$ 25,702,947
2003/04	20.25%	28.5%	\$ 23,171,741

PERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599 or by calling (775) 687-4200.

Note 10: **Post-Employment Benefits**

As of June 30, 2006, approximately 73 retirees were receiving post-retirement health care benefits from the City. The cost of these benefits in fiscal year 2005-06 was approximately \$195,990.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 11: **Risk Management**

State and local governments are subject to many types of claims such as worker's compensation, contractual actions, personal injuries and property damage.

GASB Statement No. 10 requires that a liability for claims be reported if information available prior to issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. In addition, there are also situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the financial statements are prepared. The "incurred but not reported" claims have been estimated based upon the City's past experience adjusted for current trends. The claims are included in the appropriate liability accounts.

The City maintains three self-insurance internal service funds for the following types of risk exposures:

Liability Insurance – The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverages: a \$517 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$78,000,000 Boiler and Machinery policy with \$100,000 deductible; a \$2.7 million Inland Marine coverage on a schedule basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employees dishonesty, forgery and alteration; and a \$7 million Fire Truck Physical Damage policy with a \$2,500 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management Division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition, the City obtains an actuarial analysis on an annual basis.

Worker's Compensation – On April 1, 1993, the City became self-insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,000,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2006 through April 1, 2007.

Group Health Insurance – On July 1, 1992, the City became self-insured for employees health benefits, providing medical, dental and vision care for employees not covered under union provided health plans. The City maintains a specific stop loss policy of \$100,000 per participant per plan year with plan benefits subject to a \$1,000,000 lifetime maximum. A third party administrator is used to pay claims.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 11: **Risk Management** (continued)

Changes in the funds' claims liability amounts for the years ended June 30, 2006 and 2005 were:

	Liability Balance Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Liability Balances at End of Fiscal Year
Fiscal Year 2005/06:				
Liability	\$ 497,857	\$ 1,116,027	\$ 243,963	\$ 1,369,921

	<u>\$ 3,155,908</u>	<u>\$ 10,084,585</u>	<u>\$ 6,345,885</u>	<u>\$ 6,894,608</u>
Fiscal Year 2004/05:				
Liability	\$ 497,857	\$ 604,215	\$ 604,215	\$ 497,857
Workmen's Compensation	1,538,204	1,339,151	1,075,300	1,802,055
Health Insurance	<u>849,305</u>	<u>4,810,096</u>	<u>4,803,405</u>	<u>855,996</u>
	<u>\$ 2,885,366</u>	<u>\$ 6,753,462</u>	<u>\$ 6,482,920</u>	<u>\$ 3,155,908</u>

Note 12: **Joint Venture**

Pursuant to an interlocal agreement dated November 20, 2002, the City of Las Vegas, City of Henderson and the Clark County Water Reclamation District (Members) entered into a joint venture for the purpose of addressing water quality issues in the Las Vegas Wash and Las Vegas Bay of Lake Mead. The Members have worked jointly with other agencies on studies of alternate discharge options and share a common environmental, economic and regulatory interest in the efficient and responsible collection, treatment, reuse and discharge of municipal effluent. The studies have resulted in a program referred to as the System Conveyance and Operations Program (SCOP), which will produce the need for even greater coordination and cooperation in the funding, construction and operation of a regional system for the conveyance of effluent.

In order to carry out their purposes and objectives with respect to discharges from their respective treatment facilities, including the implementation of SCOP, the Members desired to create a separate legal entity. With this interlocal agreement, the Clean Water Coalition (CWC) was established pursuant to the provisions of Chapter 277 of NRS. The CWC is considered a political subdivision of the State of Nevada, separate from the Members. The primary function of the CWC is to carry out the purposes and objectives of the Members with respect to discharges from their respective treatment facilities, including the implementation of SCOP. The governing board of CWC will consist of one representative from each Member and an alternate representative from each Member.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 12: **Joint Venture** (continued)

This arrangement is considered a joint venture with an equity interest because 1) the agreement results in a contractual entity, 2) joint control exists in a governing board with one representative from each Member and 3) there is an ongoing financial relationship/responsibility on the part of the participating entities.

Based on studies analyzing each Member's present and projected daily peak discharge of effluent from their respective wastewater treatment facilities and, as negotiated by the Members the percentage capacity rights for the City of Henderson are 14%.

The underlying agreement creates an explicit, measurable equity interest in the resources of the joint venture and as such, this investment is reported as a separate line item on the government wide statements. As of June 30, 2006, the City of Henderson's investment in the joint venture is \$3,843,516. Separate audited financial statements and information for the joint venture are available by contacting the CWC Program Administrator at 1001 Whitney Ranch Drive, Suite 100, Henderson, Nevada, 89014.

Note 13: **Commitments and Contingencies**

A. **Construction in Progress**

Construction in progress in the total amount of \$140,580,984 at June 30, 2006 is reflected in the government-wide statements. Management estimates it will require an additional outlay of approximately \$247,476,759 to complete these projects.

B. **Litigation**

There are several lawsuits and unresolved disputes involving the City or its employees in which the City is represented by the City Attorney. However, in the opinion of the City Attorney these actions will not, in the aggregate, have a material adverse effect upon the operations or financial position of the City.

C. **Lake Las Vegas**

The City and the developers of Lake Las Vegas have established a sinking fund for the accumulation of \$30,000,000 to be used for stormwater treatment and/or conveyance in the event that the Federal Environmental Protection Agency (EPA) and the Nevada Division of Environmental Protection determine that more stringent stormwater treatment standards are required solely as a result of the creation of Lake Las Vegas.

CITY OF HENDERSON, NEVADA

Notes to Financial Statements For the Year Ended June 30, 2006

Note 13: Commitments and Contingencies (continued)

C. Lake Las Vegas (continued)

The sinking fund will be maintained for a period of thirty years commencing in 1989 after which the City will be allowed to utilize the fund proceeds, if any, for any appropriate municipal purpose. Developer contributions with accumulated interest are expected to constitute \$4,500,000 of the total. The City intends to make contributions from property tax revenue that will be generated from increased assessed valuation resulting from the development. The developer estimates assessed valuation at complete build-out to be \$1,215,655,000 (35% of actual value).

D. Landfill Closure

The City leased land from the Bureau of Land Management (BLM) for operation of a solid waste municipal landfill from November 1965 until November 1975. The City maintained the lease with the BLM through 1996. In March of 1997, the City entered into an agreement with the Nevada Division of Environmental Protection and the Clark County Health District whereby the City will investigate environmental conditions associated with the landfill, implement necessary remedial measures (e.g., installation of a final cover system and surface water run-on/run-off controls), and maintain the constructed remedial measures. The City has recorded an estimated contingent liability of \$12,000,000 to reflect costs, which the City estimates that it may incur under the above-referenced agreement.

E. Redevelopment Agency

The City of Henderson Redevelopment Agency entered into several promissory notes in the original aggregate amount of \$9,350,000 as part of an Owner Participation Agreement with various developers. In addition, the Agency has agreed to guarantee construction and term loans totaling \$4.2 million for two projects in the event of default during construction, leasing or term out. The indebtedness represented by each note was payable solely and exclusively from a predetermined percentage of the Site Tax Increment received by the Agency on specific parcels of land and was not to be payable from any other source. Because the requirements to repay the notes were contingent on the Agency receiving sufficient Site Tax Increment on the specific parcels, these potential future obligations of the Agency have not been reflected in the financial statements in the past.

Total restricted net assets - business-type activities		<u>\$ 205,732,209</u>

Note 15: **New Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) recently released several new accounting and financial reporting standards. GASB Statement No. 45, *Accounting and Financial Reporting by Employers of Postemployment Benefits Other than Pensions (OPEB)*, may have a significant impact on the City's financial reporting process.

GASB Statement No. 45 establishes standards for the measurement, recognition and display of OPEB expenses/expenditures, related assets and liabilities, note disclosures and, if applicable, required supplementary information in the financial reports of state and local government employers. GASB No. 45 will be effective for the fiscal year ending June 30, 2008.

--	-----------------------------	-----------------------------	-----------------------------

Nonmajor Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

City of Henderson Redevelopment Agency - to account for the financial activity of the Agency which derives its revenue from tax increment financing and bond proceeds that will be utilized to rehabilitate and develop the defined redevelopment area.

Gas Tax Special Revenue - to account for optional excise tax on motor vehicle fuel and other revenues restricted for repairing or restoring existing unpaved and paved roads; streets; and alleys.

Forfeited Assets Special Revenue - to account for the resources and revenues of a fund that is restricted by State law to certain law enforcement activities.

Municipal Court Administrative Fee Special Revenue - to account for court assessments which are to be used to improve operations of the court.

Financial Stabilization Special Revenue - to account for resources to stabilize governmental operations in the event of a shortfall in General Fund revenue.

Equipment Repair & Maintenance Special Revenue - to account for an allocation of bond proceeds and other financing sources used for infrastructure reinvestment for the maintenance, repair or improvement of technology and capital projects.

Multipurpose Special Revenue - to account for the receipts and expenditures of private contributions and grants awarded to the City.

Lake Las Vegas Fund - to account for resources to be used solely to fund costs of storm water treatment and/or conveyance in the event that Federal and/or State agencies determine that more stringent treatment standards are required as a result of the creation of Lake Las Vegas.

Sales & Use Tax Special Revenue - to account for the proceeds from the tax authorized by a State Assembly Bill for the Board of County Commissioners of Clark County to employ and equip additional police officers.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Land Sales - to account for the purchase and sale of City owned property. The City has traditionally used proceeds from these sales for miscellaneous capital projects.

Special Recreation - to account for costs of recreational equipment and other recreational purposes. Funds for these purposes are provided by revenues received from the Las Vegas Convention and Visitors Authority.

Bond Proceeds - to account for costs of improving and bettering streets within the City; flood control; improving and equipping artificial lights, lighting equipment, and traffic control equipment; and acquisition, development, improvement and expansion of public parks, playgrounds and recreation facilities within the City. Financing is provided by the sale of general obligation bonds.

Park Development - to account for fees that are collected upon application for building permits. The revenues produced by these fees are to be used for the acquisition, development, improvement and expansion of public parks, playground and recreational facilities within the City.

Flood Control - to account for flood control projects that receive their primary funding from the Clark County Flood Control District.

RTC/County - to account for costs of improving streets within the City that are funded by the Regional Transportation Commission and Clark County Grants.

Special Ad Valorem Transportation Fund - to account for revenue received from a special ad valorem tax that must be recorded in a capital project fund and dedicated to capital projects designed to alleviate critical transportation needs within Clark County.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other department or agencies of the government and to other governmental units, on a cost reimbursement basis.

Engineering - to account for the financing of engineering services provided by City engineers to other departments or to other governmental units such as Federal (Environmental Protection Agency and Housing and Urban Development) or State. Charges are made on a cost-reimbursement basis.

City Shop - to account for the costs of acquisition, maintenance (including fuel) and replacement of all City vehicles. Charges are billed to the user departments on a Cost-reimbursement basis including depreciation.

Revolving Fund - to account for the resources and revenues of a fund that is restricted to the provision of loans to special assessment districts.

Self Insurance - to account for monies collected from various City departments and funds that are to be expended for payment of claims, to certain limits, for casualty and accident losses.

Workmen's Compensation Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' work related injury claims, to certain limits, including disability payments.

Health Insurance Self Insurance - to account for and accumulate funds collected from various City departments and funds to be expended for payments of employees' health claims, to certain limits, and related insurance premiums including life and travel insurance for employees.

Citywide Services - to account for the costs of common services such as telephone, copy and print services, and certain information technology services provided by one department to other departments and funds on a cost reimbursement basis.

Enterprise Funds Nonmajor Enterprise Funds

Convention Center Enterprise Fund - to account for costs of operating The City's Convention Center. Resources for operating the Center are derived from user fees, a room tax imposed by the City and the allocation of a portion of gaming license revenues to this fund.

Municipal Golf Course Enterprise Fund - to account for the operations related to the City's municipal golf course known as the Wildhorse Golf Course.

Proprietary Funds

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

Bridges - to account for contributions by developers for the construction of bridges across flood channels that traverse the City of Henderson. These contributions are held by the City in an agency capacity pending the identification of funding necessary to complete the bridges.

Section 125 Agency Fund - to account for City employee contributions to an employee benefits plan enacted under Section 125 of the Internal Revenue Code. The plan is administered by an independent plan administrator.

Traffic Signal Agency Fund - to account for contributions by developers for the construction of traffic signals at intersections throughout the City of Henderson. These contributions are held by the City in an agency capacity to be used toward the construction of designated traffic signals or to be refunded to developers.

Forfeited Assets Fund - to account for monies impounded under applicable racketeering and/or controlled substance laws pending court adjudication.

Paving Frontage Agency Fund - to account for assessments accumulated for use as the land-owner portion of street frontage paving costs in defined areas.

Special Assessment Districts Agency Fund - to account for the repayment of special assessment district debt for which no assets or revenues of the City have been pledged.

THIS PAGE INTENTIONALLY LEFT BLANK

This part of the City of Henderson's comprehensive annual financial report presents detailed information as a context for understanding what information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Table

Financial Trends

1-4

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

5-8

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Debt Capacity

9-13

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

14-15

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

16-18

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

(1) The City implemented GASB 34, the new reporting standard, in fiscal year 2002. Therefore, ten years of data is not available but will be accumulated over time.

(2) Fiscal year 2005 was the first year of a new enterprise fund - The Municipal Golf Course Enterprise Fund.

(3) Increase due mainly to property owner contributions for two special assessment districts for which the City is not liable.

(4) Increase due to new police sales tax.

(1) Previous to fiscal year 2003, special assessment debt for which the City was not liable was erroneously recorded in the City's financial statements. Assessment revenues, assessment interest income, and principal and interest debt service payments were all recorded in the Special Assessment Debt Service Fund. A prior period adjustment was made in fiscal year 2003 to take this debt off the City's financial statements.

(2) In fiscal years 2003, 2005 and 2006 there were large property owner contributions related to special assessment bonds for which the City is not liable.

(3) Prior to 2002, Miscellaneous Interest was included in the Miscellaneous category.

(4) Fiscal year 2005 was the first year of the community support function. Previous to that, it was reported in general government.

(5) Fiscal year 2002 was the first year capital outlay was broken out by function.

(6) Fiscal year 2003's large capital outlay is due to the City Hall expansion.

(7) Fiscal year 2002's large capital outlay is due to the construction of several major recreational facilities.

(8) Prior to the implementation of GASB 34 in fiscal year 2002, this ratio was computed by dividing principal and interest by total expenditures, less capital outlay. Fiscal year 2002 and forward, this ratio is computed by dividing principal and interest by total expenditures less amounts that are capitalized on the accrual basis government-wide statement of net assets.

(9) Increase due mainly to construction of special assessment infrastructure

The State Constitution has a maximum rate limit of \$5 per \$100 assessed value and Nevada Revised Statutes further lower the limit to a total combined tax rate of \$3.64.

(1) Overlapping rates are those of local and county governments that apply to property owners within the City of Henderson. Not all overlapping rates apply to all City of Henderson property owners (e.g., the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district).

Las Vegas-Clark County Library District	34,195,000	7,504,941	26,690,059	18.83%	5,025,738
Total Overlapping Debt					636,597,533
Total Direct and Overlapping Debt					\$ 1,062,244,920

Source for debt amounts for overlapping entities is the various local governments; percentage applicable is derived from the State of Nevada Department of Taxation's "Local Government Finance Redbook."

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Henderson. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

CERTIFIED PUBLIC ACCOUNTANTS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Henderson, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 5, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Henderson's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Henderson's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

Compliance and Other Matters (continued)

could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the audit committee, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

Compliance

We have audited the compliance of the City of Henderson, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. The City of Henderson's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Henderson's management. Our responsibility is to express an opinion on the City of Henderson's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Henderson's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Henderson's compliance with those requirements.

In our opinion, the City of Henderson complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006. However, we noted certain matters that we reported to management of the City, in a separate letter dated October 5, 2006.

The Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

Internal Control Over Compliance

The management of the City of Henderson is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Henderson's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we considered to be material weaknesses. However, we noted other matters involving internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs which we have reported to management in a separate letter dated October 5, 2006.

This report is intended for the information of the audit committee, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

CITY OF HENDERSON, NEVADA

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2006

Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the City of Henderson. The City of Henderson's reporting entity is defined in Note 1 to the City's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

Note 2: **Basis of Accounting**

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting.

Note 3: **Relationship to Financial Statements**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the City's financial statements. Federal award revenues are reported principally in the City's financial statements as intergovernmental revenues in the Multipurpose Special Revenue fund.

Note 4: **Loans with Continuing Compliance Requirement**

The value of loans of federal monies outstanding at the end of the year was as follows:

<u>Federal CFDA</u>	<u>Program Title</u>	<u>Amount Outstanding</u>
14.228	Community Development Block Grant	\$ 240,074
14.239	HOME Investment Partnerships Program	2,806,612

Note 5: **Subrecipients**

Of the federal expenditures presented in the Schedule of Expenditures of Federal Awards, the City of Henderson provided federal awards to subrecipients as follows:

<u>Federal CFDA</u>	<u>Subrecipient</u>	<u>Amount</u>
14.218	Blind Center of Nevada	\$ 10,000
14.218	Boys & Girls Club of Henderson	20,000
14.218	Catholic Healthcare West, dba St. Rose Dominican Hospitals	14,000
14.218	Classroom on Wheels	20,000

CITY OF HENDERSON, NEVADA

Finding 04-4:	
Department of Housing & Urban Development CFA 14.239	Corrected this year.

Auditor's Comments

AUDITOR'S COMMENTS

STATUTE COMPLIANCE

The required disclosure on compliance with the Nevada Revised Statutes and Nevada Administrative Code is contained in Note 3 to the financial statements.

PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The following action was taking during 2005-06 relating to the potential violations reported in the June 30, 2005 audit report:

- Actual expenditures and expenses were monitored during the year ended June 30, 2006. There were, however, overexpenditures during the current year as reported in Note 3 to the financial statements.

PRIOR YEAR RECOMMENDATIONS

There were no specific recommendations made in the audit report for the year ended June 30, 2005.

CURRENT YEAR RECOMMENDATIONS

We did not find any financial weaknesses of a magnitude to justify inclusion within our audit report.

NEVADA REVISED STATUTE 354.6115

The financial statements of the Financial Stabilization Special Revenue Fund are located in this report.

NEVADA REVISED STATUTE 354.598155

The Special Ad Valorem Transportation Capital Projects Fund expended the following amounts during the year ended June 30, 2006:

Public Works – Salaries and wages	\$ 284
– Employee benefits	66
– Services and supplies	358,204
– Capital outlay	727,403
Transfer to General Obligation Debt Service Fund	<u>276,851</u>
	<u>\$ 1,362,808</u>

The City of Henderson's continuing efforts toward superior financial reporting and presentation were again acknowledged by the Government Finance Officers Association when the City was awarded the Certificate of Achievement for Excellence in Financial Reporting for its June 30, 2005 Comprehensive Annual Financial Report. We congratulate the City on this achievement.

**INDEPENDENT ACCOUNTANT'S REPORT ON
NEVADA REVISED STATUTE 354.6241**

To the Honorable Mayor
Members of the City Council and
City Manager
City of Henderson, Nevada

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624 (5)(a):

- The identified funds are being used expressly for the purpose for which they were created,
- The funds are administered in accordance with accounting principles generally accepted in the United States of America,
- The reserved fund balances/net assets in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2006 (based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau),
- The sources of revenue, including transfers, available for the funds are as noted in the financial statements,
- The funds conform to significant statutory and regulatory constraints on its financial administration during the year ended June 30, 2006 (except as previously noted under statute compliance),
- The balance and net assets of the funds are as noted in the financial statements.

This assertion is the responsibility of the management of the City of Henderson, Nevada.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.
