240 Water Street P. O. Box 95050 Henderson, NV 89009

November 3, 2008

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Henderson, Nevada:

The comprehensive annual financial report for the City of Henderson for the fiscal year ended June 30, 2008 is hereby submitted. State law requires that local governments provide for an annual audit by independent certified public accountants of its financial statements in accordance with generally accepted auditing standards.

This report consists of management's representations concerning the finances of the City of Henderson. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Henderson has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Henderson's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Henderson's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Henderson's financial statements have been audited by Gallina, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Henderson for the fiscal year ended June 30, 2008 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Henderson's financial statements for fiscal year ended June 30, 2008, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Henderson was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited

government's internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Henderson's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the Government**

The City of Henderson is located in the southeastern part of Clark County, Nevada which ranks as one of the nation's top growth areas. With a population of approximately 269,826, Henderson is the second largest city in the State of Nevada. The City Charter was approved in its present form by the Nevada Legislature in 1971, and has been amended subsequent thereto.

The City operates under a council-manager form of government, with elective offices consisting of the mayor, four city council members, and three municipal court judges. The mayor and all council members are elected for four-year terms. Elections for city council members are held every other year with either three City Council seats or one City Council seat and the position of mayor being voted upon in any one election year. All City Council seats and the position of mayor are elected at large on a nonpartisan basis, although no two council members can be from the same ward of the City's four wards. City Council meetings are presided over by the mayor, or by the mayor pro tempore (a councilman elected to that position by the City Council), in the absence of the mayor.

The City provides a full range of services including police and fire protection; Municipal Court; detention facilities; water and sewer services; the construction and maintenance of boulevards, streets and other public infrastructure; recreational facilities and activities; cultural events; and a municipal golf course.

The City of Henderson maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget, as augmented, that was approved by the City Council and the State of Nevada's Department of Taxation. Prior to April 15th, the Manager of Budget and Strategic Planning submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council if the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May.

The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval. All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes. Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available.

Activities of the general fund, special revenue funds, debt service funds, capital project funds, enterprise funds, and internal service funds, are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is statutorily required to be exercised at the function level. Appropriations lapse at year end. However, encumbrances generally are reappropriated as part of the following year's budget augmentation.

### **Factors Affecting Financial Condition**

**Local Economy.** Henderson continues to be ranked as one of the most tax-friendly cities as well as one of the best cities to "live and play", with one of our goals being to maintain Henderson's property taxes at the same low rate for 19 years.

Located just seven miles from the famous Las Vegas Strip, Henderson is known throughout the nation for its premiere master planned residential communities, outstanding parks and recreational facilities, cultural activities, and business community. Some of the nation's best known and most respected corporations have established major operations in Henderson. These include, but are not limited to, Ocean Spray Cranberries, Inc., Ethel M. Chocolates, and Good-Humor-Breyers Ice Cream. Henderson also has defined gaming districts which include casino/resort development such as the Loew's Resort, Sunset Station, Fiesta Henderson, and Green Valley Ranch Station.

In light of the significant economic downturn, the City's Budget & Strategic Management Department has estimated that there will be an approximate \$28.2 million shortfall in the budget for fiscal year 2009. The City's department heads and managers have formed an Executive Team to discuss immediate, mid-term and long-term cost saving approaches that the City can take organization-wide. These include a hiring freeze for all non-critical positions, overtime restrictions, and a prohibition of all non-essential travel. In addition each department will be tasked with identifying additional cost saving opportunities.

The local housing market has experienced a significant slow down in construction and sales activity. The percentage of unoccupied homes for resale is at an all-time high; the over supply of resale homes combined with high levels of foreclosures continues to impact unit valuations. Economists believe it may take a few years before the local market will begin to work through this supply imbalance. Commercial construction continued to show strength during fiscal year

2008, however, vacancy levels in office, industrial, and retail space have reached ten year highs. If property owners are not able to lease a significant amount of this space, we will see a slow down in new commercial construction activity. Visitor volume is expected to remain below historical growth levels due to record high energy prices and a significant downturn in the economy.

Local unemployment levels reflect the soft economy and rose to 7.1% in August of 2008, while the national unemployment rate was 6.1%. However, the M Resort is scheduled to open in Henderson in March 2009 and will create more than 2,000 jobs.

The City has maintained current workforce and employee levels, while still delivering award-winning service to residents. Compared with other local municipalities, the City of Henderson continues to maintain the lowest employee-to-resident ratio at 7.1 employees per 1,000 residents. Historically, combined with conservative budgeting, the City has had the ability to sustain and enhance current municipal service levels. However the Executive Team referred to above has already determined there will be a hiring freeze on all non-critical positions.

The median household buying income in Henderson continues to outpace the county and the state averages. The availability of relatively high-paying jobs and exceptional quality of life continues to attract new citizens.

Henderson has a tax rate of \$.7108 per \$100 in assessed valuation. This property tax rate has remained relatively steady for the past eight years and continues to be one of the lowest in the State of Nevada.

**Long Term Financial Planning**. The City has an annual performance planning process. These plans include the following, but are contingent upon available funds:

- Provide efficient public services while maintaining one of the lowest employee-to-citizen ratios in the Las Vegas Valley
- Enhancing amenities with the opening of the Heritage Senior Center and Aquatics Complex during Spring 2009
- Increase crime solving capacity through the hiring of a Fingerprint Technician
- Expedite the processing of court cases with the hiring of an Assistant City Attorney, Municipal Court staff, and part time Senior Judge
- Decrease the response time for emergency calls through the installation of an Emergency Fire Dispatching System
- Increase citizen and firefighter safety with the upgrade of Advanced Life Support equipment, the replacement of protective equipment, and the purchase of new equipment

The City of Henderson continues to update the Capital Improvement Plan, a multi-year planning document that identifies and prioritizes the need for a variety of public improvements and coordinates the City's financing and construction time frames. Some of these capital projects for fiscal year 2009 include, but are contingent upon available funding: Municipal Facilities to fund

the Justice Facility Expansion and Parking Garage, the Henderson Convention Center Remodel and Addition, the North Community Police Station, and the Heritage Park Senior Center; partnering with Clark County Regional Flood Control District, the Regional Transportation Commission and developers to fund projects to include flood channels, street projects, and parks; and grants to fund an extensive trail system.

Under virtually any population growth scenario, existing revenue generating sources such as sales and property taxes and traditional bond financing for capital projects, would be hard pressed to keep up with the normal demand for streets, storm sewers, fire stations, and other facilities. Large capital improvement projects take many years to plan, finance, and complete. Funding for these projects will be needed long before the number of residents moving into the area will support the facility construction costs. It might be several years before population growth is sufficient to generate the revenue needed for ongoing operating expenses.

The City is monitoring the impact of the property tax legislation passed during the 2005 Legislative session. The State passed a law to impose a cap on the increase in the taxable value of property. For primary residences, a 3% cap was implemented and an 8% cap on land, commercial buildings, business personal property, and other property. Property values, which had been increasing at above historical average rates for several years, have started to decline in light of oversupply of resale and foreclosure homes. This tax abatement reduced the amount of increased property tax dollars for the City by an estimated \$29 million for fiscal year 2009. The effects of this abatement will compound each year as the limits on taxable value increases are imposed.

An ongoing challenge facing the City is the economic impact of the housing slowdown and the impact it has had on sales tax revenues. The decline in residential construction activity has resulted in a drop in sales of building supplies and other home-improvement related items. The City's Consolidated Tax collection, of which 84% is related to sales tax was down 7% in fiscal year 2008 compared to fiscal year 2007.

**Cash Management Policies and Practices.** Cash temporarily idle during the year was invested in U. S. Treasury and agency obligations, banker's acceptances, and the State Treasurer's investment pool. The average yield on investments was approximately 4.87%.

The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, investments were either in U.S. Treasury and agency obligations; insured by Federal Depository Insurance; or collateralized. One hundred percent of the categorized investments held by the City at June 30, 2008 are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board. Investment income includes changes (appreciation or depreciation) in the fair value of investments. Increases in fair value during the current year, however, do not necessarily represent trends that will continue; nor is it always possible to realize such amounts, especially in the case of temporary changes in the fair value of investments that the government intends to hold to maturity.

**Risk Management.** The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverage: a \$615 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$100,000,000 Boiler & Machinery policy with a \$100,000 deductible; \$3 million Inland Marine coverage on a scheduled basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employee dishonesty, forgery and alteration; and a \$10.1 million Fire Truck Physical Damage policy with a \$2,500 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition the City obtains an actuarial analysis on a biannual basis. At June 30, 2008 the Self Insurance Fund had \$8,465,253 in working capital. No current claims are expected to be settled in a manner which would adversely affect the fund's financial condition.

On July 1, 1992 the city became self insured for employee health benefits, providing medical dental and vision care. The City maintains a specific stop loss policy of \$100,000 per participant, per plan year with plan benefits subject to a \$2,000,000 lifetime maximum is maintained. A third party administrator is used to pay claims.

On April 1, 1993 the City became self insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,250,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2008 through April 1, 2009.

**Pension Information.** The employees of the City are covered by the State of Nevada Public Employees' Retirement System. The City does not exercise any control over the plan and is not liable for any of the plan's unfunded obligations. The Plan was established on July 1, 1948 by the Nevada Legislature and is governed by the Public Employees' Retirement Board, whose seven members are appointed by the Governor.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Henderson for its comprehensive annual financial report for the fiscal year ended June 30, 2007.

This was the 26th consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the Finance Department's Accounting Division staff as well as certain members of the City Manager's staff, Public Works Department, and the Neighborhood Services staff. We would like to express our appreciation to all members of the Departments who assisted and contributed to its preparation, as well as the contributions of the staff of Gallina, LLP, the City's independent auditors.

In closing, without the leadership and support of the City Council of the City of Henderson, preparation of this report would not have been possible.

Respectfully subplitted

### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of and for the year ended June 30, 2008, which collectively comprise the City of Henderson's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of City of Henderson. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Henderson, Nevada, as of June 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2008, on our consideration of City of Henderson's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

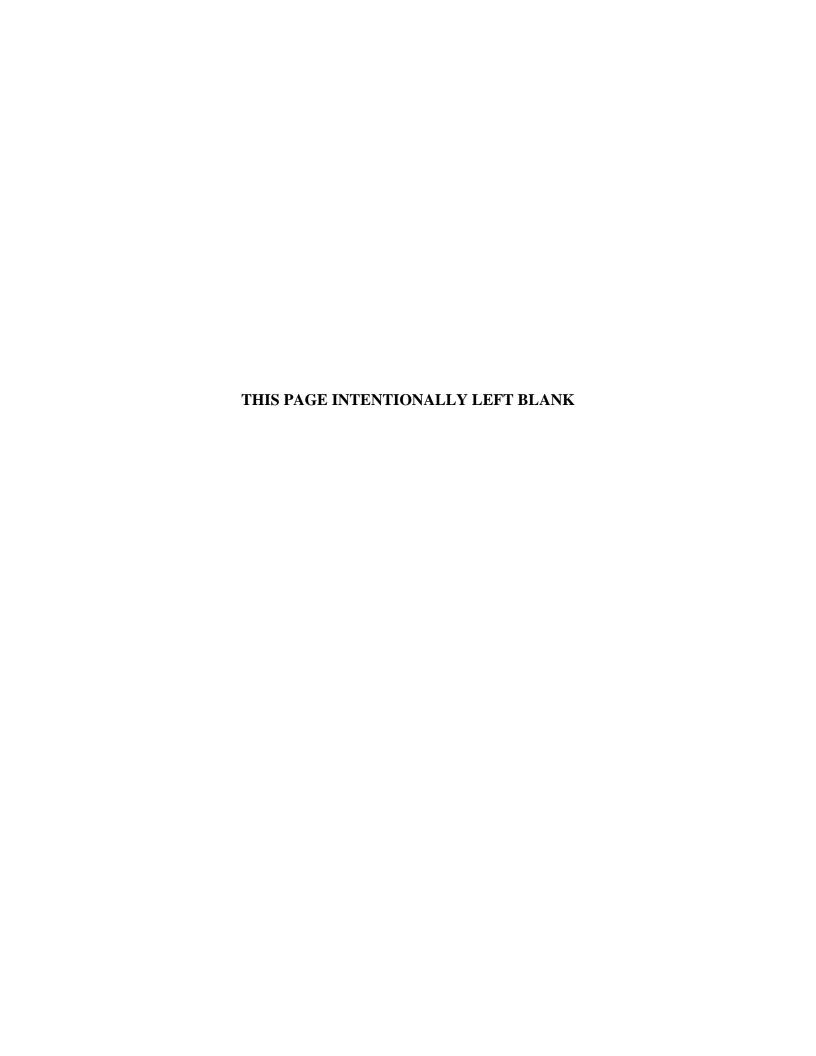

Management's Discussion and Analysis, on pages 3A thru 3M, and the schedule of funding progress for the City's Other Postemployment Benefit (OPEB) plan on page 56 are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the City of Henderson's basic financial statements. The introductory section, combining and individual fund statements and schedules and statistical tables, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City of Henderson. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**GALLINA LLP** 

Roseville, California October 30, 2008

Gallina LLP

### **Management's Discussion & Analysis**

As management of the City of Henderson, we offer readers of the City of Henderson's financial statements this narrative overview and analysis of the financial activities of the City of Henderson for the fiscal year ended June 30, 2008. Please read this in conjunction with the transmittal letter at the beginning of the report and the City's financial statements following this section.

# **Financial Highlights**

- The assets of the City of Henderson exceeded its liabilities at June 30, 2008 by \$2,494,138,583 (net assets). Of this amount, \$201,323,365 (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$200,192,943. See the sections on Governmental Activities and Business-type Activities below for explanations on the increase.
- As of June 30, 2008, the City of Henderson's governmental funds reported combined ending fund balances of \$401,990,061, a decrease of \$4,402,368 in comparison with the prior year. This decrease is mainly due to increased expenses and lower consolidated tax revenues Approximately 75% of ending fund balances or \$301,318,666 is available for spending at the City's discretion (unreserved fund balance).
- As of June 30, 2008 unreserved fund balance in the general fund was \$28,459,480 or 13.8% of general fund expenditures.

### **Financial Statement Overview**

This discussion and analysis is intended to serve as an introduction to the City of Henderson's basic financial statements. The City of Henderson's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City of Henderson's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the City of Henderson's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Henderson is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City of Henderson that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Henderson include general government, judicial, public safety, public works, culture and recreation, and community support. The business-type

activities of the City of Henderson include Water and Sewer operations, the Development Services Center, Cultural Arts and Tourism, and a Municipal Golf Course.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Henderson, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Henderson can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Henderson maintains twenty individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, general obligation debt service fund, special assessment debt service fund, special assessment districts capital projects fund, and the municipal facilities capital projects fund, all of which are considered to be major funds. Data from the fifteen other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in the report.

The City of Henderson adopts an annual appropriated budget for all its governmental funds. A budgetary comparison for the City's general fund has been provided to demonstrate compliance with this budget. Budget comparisons for other funds are provided elsewhere in the report.

**Proprietary funds.** The City of Henderson maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Henderson uses enterprise funds to account for its Water and Sewer activities, and the Development Services Center, all of which are considered major funds. Data from the two nonmajor enterprise funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in the report. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Henderson's various functions. The City of Henderson uses internal service funds to account for its engineering services, its City vehicles, its self-insurance activities, to account for loan activities to other funds for special assessment districts and to account for general citywide services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water activities, the Sewer activities, Development Services activities, which are considered major funds of the City of Henderson. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

*Fiduciary funds*. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Henderson's own programs.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** The combining statements referred to earlier in connection with nonmajor governmental funds and nonmajor enterprise funds are presented immediately following the notes to the financial statements. Internal service funds are presented after the governmental fund statements.

### **Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Henderson, assets exceeded liabilities by \$2,494,138,583 at June 30, 2008.

The largest portion of the City of Henderson's net assets (69%) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Henderson uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Henderson's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### **City of Henderson's Net Assets**

Total net assets	\$1,453,689,952	\$1,329,643,777	\$1,040,448,631	\$964,301,863	\$2,494,138,583	\$2,293,945,640	

An additional portion of the City of Henderson's net assets (23%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$201,323,365, may be used to meet the City's ongoing obligations to citizens and creditors.

As of June 30, 2008 the City of Henderson is able to report positive balances in all three categories of net assets, both for government as a whole, as well as for its separate governmental and business-type activities. The same held true for the previous fiscal year.

There was an increase of \$117,458,269 in net assets invested in capital assets net of related debt for governmental activities. This was due mainly to developer donations of infrastructure, as well as a decrease in the debt related to these capital assets.

There was an increase of \$87,179,697 in net assets invested in capital assets net of related debt for business-type activities. Most of this increase is due to contributed assets and construction in progress. See Capital Assets section for further explanation.

The City of Henderson's net assets increased by \$200,192,943 during the current fiscal year, an increase in governmental net assets of \$124,046,175 and an increase in business-type activities of \$76,146,768. See explanations for the increases in the sections for Governmental Activities and Business-type Activities.

**Governmental Activities.** Governmental activities increased the City of Henderson's net assets by \$124,046,175 thereby accounting for 62% of the total growth in net assets of the City of Henderson. Key elements of this increase are as follows:

- Capital grants and contributions increased by \$31,421,107 (25%). This is due mainly to donated infrastructure from developers. The main contributions were for master planned communities of Anthem Sun City for \$14 million; Anthem Highlands for \$10 million; Anthem Solera for \$4 million; and Boulder Creek for \$3 million. Other contributions consisted of donations for channel improvements totaling approximately \$11 million.
- Property taxes increased by \$10,328,489 (12%) due in part to approximately \$3 million in Redevelopment Agency property taxes. This increase was due to a significant number of homes built in redevelopment areas. Other increases are due to growth in assessed value.

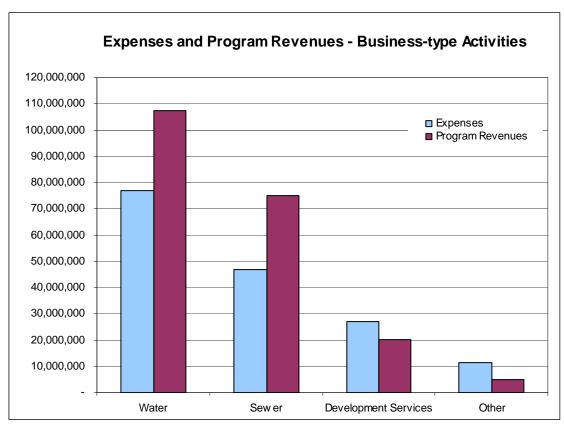

- During the previous fiscal year, there was a significant land sale to Cashman Equipment for a new sales and repair facility for which the City gave up land with minimal book value resulting in a large gain on sale of assets. This accounts for the significant decrease in gain on sale of assets.
- Interest income increased by \$4,698,348 (34%) due to higher cash and investment balances, a slightly higher yield on investments, and a \$1.7 million increase for market valuation.
- Expenses for general government increased due mainly to approximately \$5.5 million in costs related to fencing off a closed landfill and other costs related to this closure. Other increases are due to increases in salaries and benefits.
- Expenses for public safety increased due in large part to an increased number of public safety employees and increased salaries and benefits.
- Expenses in culture and recreation activities increased due in large part to professional services related to an expansive trail system.
- The special item for \$13,888,499 relates to 503.77 acres of land that were donated to the Nevada System of Higher Education for the development of the Nevada State College campus.

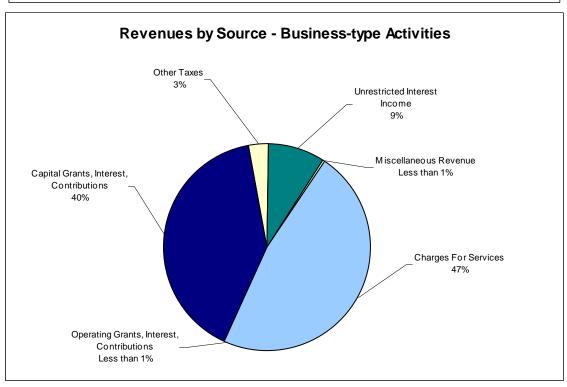

**Business-type activities.** Business-type activities increased the City of Henderson's net assets by \$76,146,768 accounting for 38% of the total growth in the government's net assets. Key elements of this increase are as follows:

- Capital grants and contributions increased by \$29,685,244 (45%) due in large part to developer contributions of donated water and sewer lines for large master planned communities including Anthem Sun City, Anthem Highlands, Anthem Solera, and Boulder Creek.. These increases were offset by decreases in system development fees of approximately \$7 million.
- The prior period adjustment of \$5,400,825 is due to deferred revenue and the related charges for services in the Development Services Fund that were incorrectly estimated for fiscal year ended June 30, 2007. A prior period adjustment was made for \$5,400,825 as changes in net assets would have decreased and deferred revenue would have increased by this amount.

### Financial Analysis of the City's Funds

Governmental funds. The focus of the City of Henderson's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Henderson's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Henderson's governmental funds reported combined ending fund balances of \$401,990,061, a decrease of \$4,402,368 in comparison with the prior year. Approximately 75% of this balance (\$301,318,666) constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$67,160,821), 2) to pay debt service (\$8,343,387), 3) for land held for resale (\$10,786,310), 4) for a variety of other purposes (\$14,380,877).

**General Fund.** The general fund is the chief operating fund of the City of Henderson. At the end of the current fiscal year, unreserved fund balance of the general fund was \$28,459,480, while total fund balance was \$31,170,506. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 13.8% of total general fund expenditures, while total fund balance represents 15.1% of that same amount.

The fund balance of the general fund decreased by \$2,555,682 during the current fiscal year. Key factors for this net decrease are as follows:

There was an increase in general fund expenditures, the most significant of these being for Public Safety. This increase was \$10,859,111 and was due to staffing level increases in public safety. Other increases were mainly due to increased staffing levels and salaries.

The overall decrease in fund balance was offset by increases in property taxes by \$3,752,467 (10%) due to growth in assessed valuation.

Transfers in from other funds increased by \$5,979,621 and transfers to other funds decreased by \$5,783,974 in comparison to the previous fiscal year.

General Obligation Debt Service Fund. The general obligation debt service fund has a total fund balance of \$6,072,215, all of which is reserved for payment of debt service. The net decrease in the fund balance was \$668,331 due mainly to a \$13 million transfer to the general fund for property owner taxes collected in this fund that is to be used for Parks and Recreation activities, with an offset of transfers in from other funds for their respective share of debt service for approximately \$7.5 million. Property taxes increased by approximately \$2.2 million due to a general increase in assessed value and debt service payments decreased by approximately \$3.7 million due to lower principal balances in outstanding debt as compared with the prior year.

**Special Assessment Districts Debt Service Fund.** The special assessment districts debt service fund has a total fund balance of \$882,042, all of which is reserved for payment of debt service. The net increase in the fund balance was \$45,701, which is insignificant.

**Special Assessment Districts Capital Projects Fund.** The special assessment districts capital projects fund has a total fund balance of \$132,038,822 which is unreserved. The net decrease in fund balance was

\$9,062,863. The decrease to fund balance was due mainly to approximately \$14.6 million in construction costs for special assessment district infrastructure. This decrease was offset by approximately \$5.6 million in interest earnings.

Municipal Facilities Acquisition & Construction Capital Projects Fund. The municipal facilities acquisition & construction capital projects fund has a reserved for encumbrances fund balance of \$57,467,244, an unreserved fund balance of \$56,491,845, and a total fund balance of \$113,959,089. The net decrease in fund balance was \$23,147. While the change is insignificant there was a County contribution in the amount for \$3.4 million for the Justice Facility expansion and garage. Expenditures were related to professional services and operating expenses related to a new aquatics center, construction costs for the Justice Facility expansion and garage, the north side Community Police Station, and Landfill fencing costs.

**Proprietary funds.** The City of Henderson's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the water fund at the end of the fiscal year amounted to \$60,650,369, and total growth in net assets was \$36,121,632. Unrestricted net assets of the sewer fund at the end of the fiscal year were \$48,697,210, and total growth in net assets was \$43,741,649. Unrestricted net assets in the development services fund at the end of the fiscal year were \$8,458,244, and the total decrease in net assets was \$1,180,571. Other factors concerning the finances of these funds have already been addressed in the discussion of the City of Henderson's business-type activities.

### **General Fund Budgetary Highlights**

Functions represent the City's legal level of budgetary control. The final budget expenditure appropriations increased by \$12.3 million, or 5.5% over the original budget. This increase was mainly due to the reauthorization of outstanding encumbrances and unspent appropriations for capital purchases and professional services from the prior year in all functions. Many budgeted capital purchases and projects had not been completed by the end of Fiscal Year 2007, and were re-appropriated in Fiscal Year 2008.

Actual expenditures were 88.4% of appropriations, or \$27.2 million lower than the final budget. All functions are well within appropriation authority. The savings were mainly due to staffing vacancies that occurred during the fiscal year, as well as projects that were not completed by the end of the fiscal year and will be re-appropriated to the subsequent year. The main areas of savings are summarized below:

- Actual General Government expenditures were \$12.5 million below the final budget. Several projects within Building Maintenance, City Manager's office, and City Attorney's office were not completed by year-end and were deferred to the subsequent year, in addition to \$2.2 million in vacancy savings.
- Actual Public Safety expenditures were \$4 million below the final budget, primarily due to vacancy savings, as well as projects that were deferred to the subsequent year.
- Actual Public Works expenditures were \$2.8 million below the final budget, primarily due to projects that were deferred to the subsequent year.
- Actual Culture and Recreation expenditures were \$3.1 million below the final budget, mainly due to vacancy savings.

### **Capital Assets and Debt Administration**

Capital assets. The City of Henderson's investment in capital assets for its governmental and business-type activities as of June 30, 2008 amounts to \$2,074,634,866 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, park facilities, roads, highways, bridges and a municipal golf course. The total increase in the City of Henderson's investment in capital assets was \$209,149,873 (\$105,975,610 for governmental activities and \$103,174,263 for business-type activities).

Major capital asset events during the current fiscal year included the following:

- Improvements other than buildings increased by \$12,852,528 for governmental activities due in large part to three contributed parks, with \$3.8 million for Paseo Verde Park, \$3.8 million for Tuscany Park, and \$2.7 million for Solista Park; the balance is from various completed park improvements.
- Infrastructure for governmental activities increased by \$86,279,390 mainly due to developer contributions.
- Improvements other than buildings increased by \$61,609,081 for business type activities due in large part to developer contributions of water and sewer lines for large master planned communities including \$20.5 million for Anthem Sun City, \$6.4 million for Anthem Solera, \$6.1 million for Anthem Highlands, \$4 million for Indigo Run, \$3.8 million for Boulder Creek, and \$3.7 million for South Edge. Other contributions related to water and sewer lines and improvements for smaller developments.
- Construction in progress for business type activities increased by \$43,616,871. This increase is due in large part to approximately \$13 million for a satellite Water Reclamation Facility, \$4 million for the Water Reclamation Facility Expansion, approximately \$3.5 million for a reservoir rehabilitation project, approximately \$3.5 million West Henderson utility improvements, approximately \$3.3 million for Clean Water Conveyance project, and approximately \$3 million for the St. Rose Interceptor. Other increases were due to various other water and sewer construction projects.

Additional information on the City of Henderson's capital assets can be found in note 6 to the financial statements.

**Long-term debt.** At the end of the current fiscal year, the City of Henderson had total bonded debt outstanding of \$380,446,507. Of this amount, \$147,314,000 is considered general obligation debt, \$15,320,000 is tax allocation debt, and \$305,000 is considered special assessment debt for which the City is obligated in some manner. The remainder of the City of Henderson's bonded debt represents bonds to be paid from the City's Water and Sewer activities.

### **City of Henderson's Outstanding Bonds**

Total	\$162,939,000	\$174,660,000	\$217,507,507	\$229,959,046	\$380,446,507	\$404,619,046

During the fiscal year the City issued some medium-term general obligation bonds in the amount of \$1,162,000 to pay a portion of the cost of acquiring police communications equipment. The City also refunded General Obligation Water and Sewer bonds. The advance refunding will reduce debt service payments by \$1,528,327 and resulted in an economic gain of \$1,242,928.

Standard & Poor's Ratings Service and Moody's Investor's Service general obligation bond ratings are "AA+ and "Aa2", respectively.

As of June 30, 2008, the City's net general obligation bonded debt subject to the legal debt margin of \$364,821,507 was below the legal limit of \$2,501,707,188.

Additional information on the City of Henderson's long-term debt can be found in note 8 to the financial statements.

### **Other Factors**

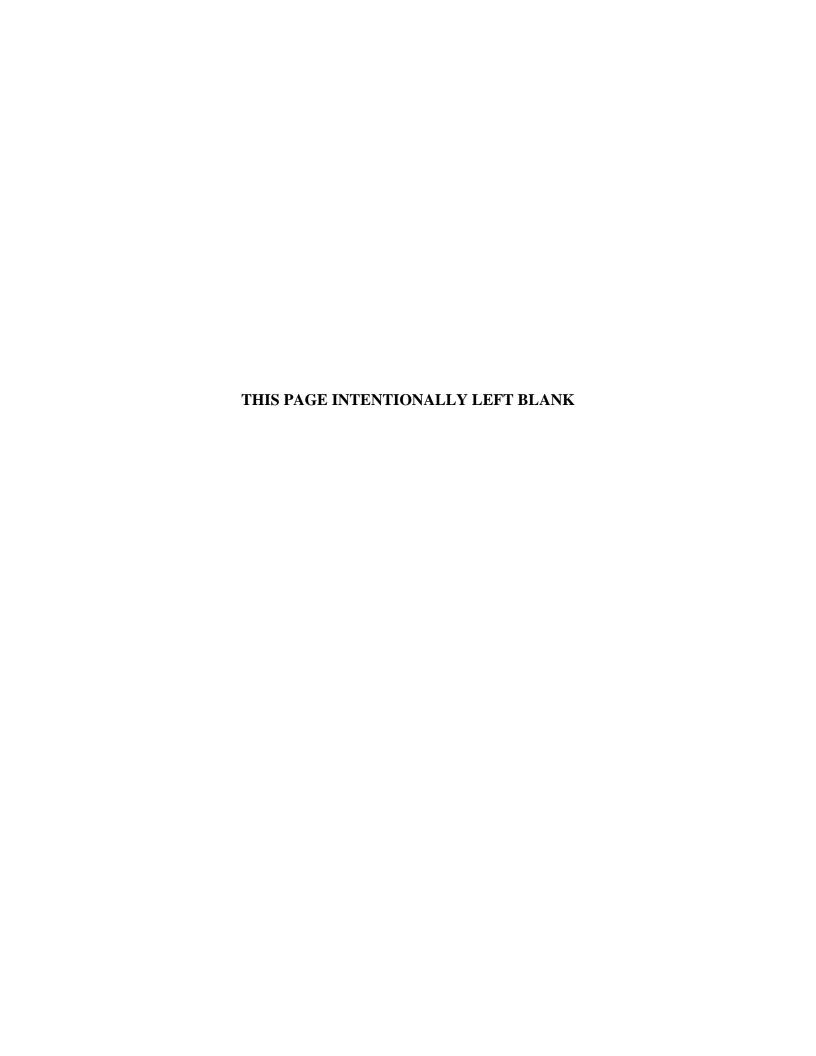

- The City will maintain the property tax rate in the City of Henderson which is \$.7108 per \$100 in assessed valuation, one of the lowest in the state of Nevada.
- The City is monitoring the impact of the property tax legislation passed during the 2005 Legislative session. Property values have declined in light of oversupply of resale and foreclosure homes. These reduced values impact the total property tax abatements imposed by the Legislative caps.

These factors were considered in preparing the City of Henderson's budget for the 2008/2009 fiscal year. However since the budget was prepared the City has identified an approximate \$28.2 million shortfall for fiscal year 2009 due to the economic downturn and has put together an Executive Team to decide immediate, mid-term and long-term cost saving approaches that the City can take organization-wide.

During the current fiscal year unreserved fund balance in the general fund decreased to \$28,459,480. The City of Henderson has appropriated approximately \$12.7 million of this amount for spending in the 2008/2009 fiscal year budget. It is intended that this use of available fund balance will pay for one time capital purchases.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Henderson's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 240 Water Street, Henderson, Nevada 89015.

# Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities Governmental Funds For the Year Ended June 30, 2008

Net Change in Fund Balances - Governmental Funds	\$	(4,402,368)
Amounts reported for governmental activities in the statement		
of net assets are different because:		
Governmental funds report capital outlay as expenditures and		
the proceeds from the sale of assets as other financing		
sources. However, in the statement of activities, the cost of		
those assets is depreciated over their estimated useful lives		
and only the gain or loss is recorded when assets are sold.		
Expenditures for capital assets	44,121,524	
Sale/disposition of assets	(675,007)	
Less: Current year depreciation	(59,847,329)	
	(	(16,400,812)
Revenues in the statement of activities that do not provide		( -,, - )
current financial resources are not reported as revenues		
in governmental funds.		
Changes in deferred revenue	4,107,459	
Accrued interest on notes receivable	484,975	
Donated capital assets	132,801,197	
•		137,393,631
Bond and lease proceeds provide current financial resources		
to governmental funds, but issuing debt increases long-term		
liabilities in the statement of net assets. Repayment of bond and		
lease principal is an expenditure in the governmental funds, but		
the repayment reduces long-term liabilities in the statement of		
net assets. This is the amount by which bonds issued exceeded		
repayments and costs of issuance		
Bonds and leases issued	(1,162,000)	
Bond issuance costs	(830,701)	
Accrued interest	70,343	
Principal payments	12,893,305	
		10,970,947
Some expenses reported in the statement of activities do not		
require the use of current financial resources and, therefore,		
are not reported as expenditures in governmental funds		
Amortization of current year bond premium,		
discount and costs	582,055	
Special item - land transfer	(13,888,499)	
Change in other post employment benefit (OPEB) liability	(4,060,305)	
Change in long-term compensated absences	(2,828,510)	
		(20,195,259)
Internal service funds are used by management to charge		
the costs of certain activities to individual funds. The net		
income of the internal service funds is reported with		
governmental activities.	_	16,680,036
Change in Net Assets of Governmental Activities	¢	124,046,175
Change in 13ct Assets of Governmental Activities	<u> </u>	147,070,1/3

## Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual General Fund For the Year Ended June 30, 2008

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies

#### A. The Reporting Entity

The City of Henderson, Nevada (the "City") was originally incorporated in 1953. It is governed by an elected mayor and four council members. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. As required by GAAP, these financial statements present the activities of the City and its component unit. Blended component units, although legally separate entities, are in substance, part of the City's operations and, therefore, data from these units are combined with data of the primary government.

In evaluating how to define the financial reporting entity, management considered all potential component units using standards prescribed under GASB Statement No. 14 "The Financial Reporting Entity". Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based on these criteria, no component units or other reportable organizations other than the City of Henderson Redevelopment Agency were identified.

The City of Henderson Redevelopment Agency ("Agency") is a blended component unit and is governed by a five-member board composed of the four City Council members and the Mayor. The Agency was set up in fiscal year 1996 as a separate and distinct legal entity to provide a diversified and strengthened economy in the central area of the City. For financial reporting purposes, the Agency is reported as if it were part of the City's operations, as a special revenue fund, since it operates within an established area in the City and its sole purpose is to plan and finance revitalization projects in the City's central area. Financial statements of the Agency can be obtained from the City of Henderson Redevelopment Agency, 240 Water Street, Henderson, Nevada 89015.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### **B.** New Accounting Pronouncements

Governmental Accounting Standards Board Statement No. 45

For the fiscal year ended June 30, 2008, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions.*" This statement is effective for the City for fiscal periods beginning after December 15, 2006.

This Statement requires that governments account for, and report, the annual cost of other postemployment benefits (OPEB) and the outstanding obligation and commitments related to OPEB in the same manner as they currently do for pensions. The Statement does not require that governments fund their OPEB plans, only that they account for them and report them. OPEB generally consist of health insurance and dental, vision, prescription, or other healthcare benefits provided to eligible retirees, including their beneficiaries in some cases.

Implementation of GASB Statement No. 45 primarily impacted the City's government-wide and proprietary funds financial statements for the year ended June 30, 2008. In addition, implementation required additional note disclosure (see Note 9) and required supplemental information (see Required Supplementary Information – Other Post Employment Benefits Plan – Schedule of Funding Progress).

Governmental Accounting Standards Board Statement No. 50

For the fiscal year ended June 30, 2008, the City implemented GASB Statement No. 50, "Pension Disclosures – an amendment of GASB Statements No. 25 and No. 27". This statement is effective for the City for fiscal periods beginning after June 15, 2007.

GASB Statement No. 50 amends GASB Statement No. 27 to require cost-sharing employers to include, in the notes to the financial statements:

- the required contribution rates of the employer in dollars
- the percentage of the amount contributed for the current year and each of the two preceding years
- information as to how the contractually required contribution rate is determined

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### B. New Accounting Pronouncements (continued)

Governmental Accounting Standards Board Statement No. 50 (continued)

In addition, employers should include as required supplementary information, the funded status of the pension plan, if the financial statements of the pension plan are not issued and made available to the public.

More information regarding the City's participation in the Public Employees Retirement System of the State of Nevada can be found in Note 8.

#### C. Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component unit. Eliminations have been made to minimize the double-counting of internal activities. Services provided by the General Fund to other funds are reported as expenditures or expenses, as appropriate, in the funds receiving the services and as reductions of expenditures in the General Fund. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity are offset by program revenues. Direct expenses are those that are specifically associated with a function or business-type activity. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity and 2) grants, contributions and interest income that are restricted to meeting the operational or capital requirements of a particular function or business-type activity. Taxes and other items not properly included among program revenues are reported instead as general revenues. The City first utilizes restricted resources to finance qualifying activities, then unrestricted resources as they are needed.

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component unit. Separate statements for each fund category, *governmental*, *proprietary* and *fiduciary*, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### C. Government-Wide and Fund Financial Statements (continued)

Proprietary fund operating revenues, such as charges for services, and operating expenses result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings and nonoperating expenses result from nonexchange transactions or ancillary activities.

### D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic* resources measurement focus, and the accrual basis of accounting, as are the proprietary fund financial statements. Agency funds have no measurement focus.

Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *measurable* when the amount of the transaction can be determined and *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenues are considered to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

### D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Property taxes, special assessments, sales taxes, consolidated tax revenue (sales taxes, cigarette taxes, motor vehicle privilege taxes, liquor taxes), gaming taxes, gasoline taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, franchise fees, charges for services, and fines and forfeits are not susceptible to accrual because generally they are not measurable until received in cash.

Property tax revenue is recognized in the fiscal year in which the taxes become due to the extent they are collected during the fiscal year or soon enough thereafter that they can be used to finance current period expenditures (no later than 60 days after year-end).

The City reports deferred revenue in the fund financial statements balance sheets. Deferred revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The General Obligation Debt Service Fund accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

The **Special Assessment Districts Debt Service Fund** accounts for the accumulation of resources and payment of special assessment debt principal and interest from special assessment levies when the government is obligated in some manner for the payment.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

### D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The **Special Assessment Districts Capital Projects Fund** accounts for the cost of public improvements such as street lighting, streets, curbs, gutters, water and sewer benefiting certain property owners. Funding is provided by the issuance of special assessment district bonds.

The Municipal Facilities Acquisition & Construction Capital Projects Fund accounts for costs associated with the acquisition, construction and improvement of public building facilities.

The City reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

The **Sewer Fund** accounts for the provision of sanitary sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service; and, billing and collection.

The **Development Services Fund** accounts for the activities and transactions related to the building permit processing function. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, permit processing, issuance, monitoring, building inspection, plan checking, certain development reviews and related administrative expenses.

Additionally, the City reports the following fund types:

**Internal Service Funds** account for operations such as engineering; vehicle acquisition and maintenance; insurance; lending; and general technology that provide services or resources to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis.

**Agency Funds** are used to account for assets that the City holds for others in an agency capacity for developer contributions for bridges, traffic signals and street frontage paving costs; for an employee benefits plan; for forfeited assets pending court adjudication; and for funds held to pay special assessment debt for which the City is not liable.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### E. Assets, Liabilities and Equity

#### 1. Cash and Investments

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements.

Cash and cash equivalents include currency on hand, demand deposits with banks and other highly liquid investments with original maturities of three months or less, from the date of acquisition, which are readily convertible to cash. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents.

State statutes authorize the City to invest in obligations of the U.S. Treasury, certain farm loan bonds, certain securities issued by Nevada local governments, repurchase agreements, banker's acceptances, commercial paper, negotiable certificates of deposit and money market mutual funds. All investments are stated at fair value.

#### 2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All such balances within the governmental activities or business-type activities are eliminated in the government-wide statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statements as "internal balances."

#### 3. **Property Taxes**

The Clark County Assessor assesses all real property by December 31 of each year. The County Treasurer bills and collects the City's share of property taxes. The County Treasurer remits, on a monthly basis, current and delinquent property tax collections to the City.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### E. Assets, Liabilities and Equity (continued)

#### 3. **Property Taxes** (continued)

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1<sup>st</sup>, which provides for the allowable tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25th, the levy date, and property is liened on July 1st. Taxes on real property are due on the third Monday in August of each year and may be paid in quarterly installments on or before the third Monday in August, and the first Mondays in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 15 percent per year from the date the taxes were due, if four or more installments were delinquent, until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property.

#### 4. Restricted Assets

Bond covenants of the City's Water and Sewer Enterprise Funds require portions of the debt proceeds, as well as other resources, to be set aside for various purposes. These amounts are reported as restricted assets.

#### 5. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as those assets with an initial cost of \$10,000 or more and an estimated useful life of more than one year. All purchased capital assets are valued at cost or estimated historical cost. Donated assets are recorded at their estimated fair market value on the date donated.

General infrastructure assets acquired prior to July 1, 2002 consist of the road network assets, storm drain network assets and bridges that were acquired or that received substantial improvements subsequent to July 1, 1980. The road network and storm drain network assets acquired prior to July 1, 2001 are reported at estimated historical cost using deflated replacement cost. Bridges are valued at initial installation cost.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### E. **Assets, Liabilities and Equity** (continued)

#### 5. Capital Assets (continued)

The major subsystems within the road network and storm drain network are as follows:

#### Road Network

Asphalt Sidewalks

Curbs and gutters

Streetlights

Traffic signals

#### Storm Drain Network

Storm drain infrastructure

Storm drain drop inlets

Capital assets are recorded at cost (including capitalized interest for businesstype activities incurred during the construction phase on debt financed projects). Depreciation is computed using the straight-line method for all assets over the following estimated useful lives:

Assets	Life
Buildings	20 to 50 years
Improvements other than buildings	5 to 15 years
Machinery	5 to 10 years
Vehicles	3 to 10 years
Infrastructure	15 to 50 years

#### 6. Water Delivery Deposit

The City and Basic Management, Inc. (BMI), executed a water delivery contract on May 22, 1990. BMI agreed to deliver water entitlements from Lake Mead to the City for payment under the terms of the agreement. Mutual review of the contract by the City and BMI resulted in modifications to the terms of the agreement. On September 20, 2005, the City and BMI amended the original agreement in which the City agreed to take an additional 4,000 acre feet of water per year. The amended agreement required the City to place a refundable deposit of \$5,515,782 with BMI on October 1, 2005 that would pay for the additional water to be delivered. The refundable deposit accrues interest at 4.5% annually and will be applied monthly. The balance of the refundable deposit as of June 30, 2008, is \$4,195,995.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### E. **Assets, Liabilities and Equity** (continued)

#### 7. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund statements. In governmental funds, the current portion of compensated absences, vacation leave and sick leave actually paid or accrued as a result of employees who have terminated, is recorded as a payroll expenditure.

#### 8. Provisional Credits (Enterprise Fund)

The City has entered into refunding agreements whereby developers construct water and sewage transmission lines from their property to existing City lines at the expense of the developers. The developers are to be reimbursed by the City from the collection of connection fees or user charges.

These agreements are principally for the term of ten years with all liability canceled either by reimbursement to the developers from subsequent connection fee assessments in the related areas or upon expiration of the term of the agreements.

#### 9. **Long-Term Debt**

In the government-wide and proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. For current and advance refundings resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense using the straight-line method. Issuance costs are reported as deferred charges and amortized over the term of the related bond.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of bonds issued is reported as other financing sources, as are bond premiums. Bond discounts are recorded as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 1: Summary of Significant Accounting Policies (continued)

#### E. **Assets, Liabilities and Equity** (continued)

#### 10. Equity Classifications

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. **Invested in Capital Assets, Net of Related Debt** Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. **Restricted Net Assets** Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- c. **Unrestricted Net Assets** All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved. Reservations of fund balance consist of amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Proprietary fund equity is classified the same as in the government-wide statements.

#### 11. Use of Estimates

The preparation of these financial statements includes estimates and assumptions made by management that affect the reported amounts. Actual results could differ from those estimates.

#### Note 2: Reconciliation of Government-Wide and Fund Financial Statements

### A. Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets

The governmental funds balance sheet includes a reconciliation between *fund balances* – *governmental funds* and *net assets* – *governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of net assets, the cost of those assets is capitalized and reported net of accumulated depreciation." The details of capital assets and accumulated depreciation are as follows:

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 2: Reconciliation of Government-Wide and Fund Financial Statements (continued)

### A. Explanation of Certain Differences Between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Assets (continued)

Capital Assets:	
Infrastructure assets	\$ 1,048,884,942
Other capital assets	575,674,835
Governmental Capital Assets	\$ 1,624,559,777
Accumulated Depreciation:	
Infrastructure assets	394,862,193
Other capital assets	88,630,468
Accumulated Depreciation	\$ 483,492,661

#### B. Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balance* – *governmental funds* and *change in net assets of governmental activities* as reported in the government-wide statement of activities.

One element of that reconciliation explains that "Governmental funds report the proceeds from the sale of assets as other financing sources. However, in the statement of activities only the gain or loss on the sale is recorded." The details of this difference are as follows:

Gain on sale of assets on the statement of activities	\$ 709,299
Loss on disposition of assets on the statement of activities	(614,535)
included in the general government function	
Amount resulting from internal service fund activities	
included elsewhere on the reconciliation	(557,134)
Land sales included in the net change in fund balances –	
governmental funds	(212,637)
Net Difference in Reporting Sales/Disposition of Assets	\$ (675,007)

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 2: Reconciliation of Government-Wide and Fund Financial Statements (continued)

B. Explanation of Certain Differences Between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities (continued)

Another element of that reconciliation states that "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds." The details of this difference are as follows:

Property taxes and miscellaneous revenues appear in the	
governmental funds as they are current financial resources,	
but were previously recognized as revenue in the statement	
of activities	\$ 1,138,215
Deferred revenues in prior years is included in beginning net assets on the statement of activities, but is recorded as revenues	
in the governmental funds	2,969,244
Change in Deferred Revenue	\$ 4,107,459

### C. Explanation of Certain Differences Between the Proprietary Fund Statement of Net Assets and the Government-Wide Statement of Net Assets

The proprietary fund statement of net assets includes a reconciliation between net assets – total enterprise funds and net assets of business-type activities as reported in the government-wide statement of net assets. The description of the sole element of that reconciliation is "Adjustment to reflect the consolidation of Internal Service Fund activities related to Enterprise Funds." The details of this \$8,517,238 difference are as follows:

Internal service fund loss allocation to business-type		
activities – Prior years	\$	7,932,288
Internal service fund loss allocation to business-type		
activities – Current year		655,842
	•	0 500 120
	\$	8,588,130

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 3: **Stewardship, Compliance and Accountability**

#### A. Budgetary Information

Annual budgets are legally adopted for all funds except Agency Funds and use a basis of accounting consistent with accounting principles generally accepted in the United States of America.

Prior to April 15, the Manager of Budget and Strategic Planning submits a tentative budget for the ensuing fiscal year to the City Council, the Nevada State Department of Taxation and the Citizens via public hearings. The Nevada Department of Taxation notifies the City Council of whether or not the budget is in compliance with the law and appropriate regulations. Public hearings, at which all changes made to the tentative budget are indicated, are conducted on the third Tuesday in May. The City Council adopts the budget prior to June 1 and submits it to the Department of Taxation for final approval. The revenue classifications and expenditure functions shown in the fund financial statements are those prescribed by the Nevada Department of Taxation.

All revisions to the adopted budget are made a matter of public record by actions of the City Council. Per Nevada law, the City Manager is authorized to transfer budgeted amounts within functions (General Fund) or funds if the City Council is notified at the next regular meeting and the action is noted in the official minutes.

Revisions which affect the total fund appropriations or transfers between funds are accomplished through formal City Council approval. Various supplemental appropriations were approved for the year to reflect necessary changes in spending and the corresponding additional resources available. The most significant change occurred in the Capital Projects Funds (\$51,286,386). Nevada Law requires budgetary control to be exercised at the function level.

#### **B.** Excess of Expenditures/Expenses Over Appropriations

Total expenditures/expenses exceeded those budgeted for the year in the following funds:

Equipment Repair and Maintenance Special Revenue Fund -	
Public Safety	\$ 32,490
Multipurpose Special Revenue Fund - Judicial	35,836
Cultural Arts and Tourism Enterprise Fund	95,315

The above appear to be a potential violation of NRS 354.626.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 4: **Cash and Investments**

The following is a reconciliation of the City's deposit and investment balances as of June 30, 2008:

$\sim$	1	
'ac	h٠	
Cas.	и.	

Cash on hand	\$ 13,110
Deposits in bank	2,182,695
Investments	 900,511,271
	-
Total Cash and Investments	\$ 902,707,076

Total cash and investments at June 30, 2008 were presented on the City's financial statements as follows:

	Unrestricted	Restricted	Total
Governmental activities Business-type activities Fiduciary funds	\$ 459,616,617 363,695,495 68,778,113	\$ 10,616,851 	\$ 459,616,617 374,312,346 68,778,113
Total Cash and Investments	\$ 892,090,225	\$ 10,616,851	\$ 902,707,076

State statutes govern the City's deposit policies. City monies must be deposited in insured banks and savings and loan associations. The City is authorized to use demand accounts, time accounts and certificates of deposit.

State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as those described for permissible state investments.

The City's agent, in the City's name, holds securities used as collateral to secure deposits. The depository bank submits monthly reports to the City indicating the type, the amount and the market value of the pledged securities. The City does not, however, have written custodial agreements with the trust bank for demand deposits.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. As of June 30, 2008, the recorded amount of the City's deposits was \$2,182,695 and the bank balance was \$7,554,824. Of the bank statement balance \$200,000 was covered by federal depository insurance and \$7,354,824 was subject to collateralization.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 4: <u>Cash and Investments</u> (continued)

The City invests monies both by individual fund and through pooling of monies. The pooling of monies, referred to as an internal investment pool, is theoretically invested on the whole and not as a combination of monies from each fund belonging to the pool. In this manner, the City's Finance Director is able to invest the monies at a higher interest rate for a longer period of time. Interest revenue is apportioned monthly to each fund in the pool based on the average cash balance of the fund for the month. The City investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Finance Director are regulated by Nevada Revised Statutes (NRS 355.170).

The following table identifies the investment types and minimum credit ratings authorized for the City of Henderson by NRS 355.170 and 355.171:

	Mi	Maximum	Maximum	M::	Dti

The Local Government Investment Pool is an external investment pool administered by the Treasurer of the State of Nevada, with oversight provided by the Board of Finance. The fair value of the City's position in the pool is the same as the value of pool shares.

#### **Interest Rate Risk**

The City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy.

#### Concentration of Credit Risk

At June 30, 2008, in accordance with State laws as defined in the table found on page 33, the City was not in violation of the maximum percentage of total portfolio per investment type, nor the maximum percentage per single issuer restrictions.

Notes to Financial Statements For the Year Ended June 30, 2008

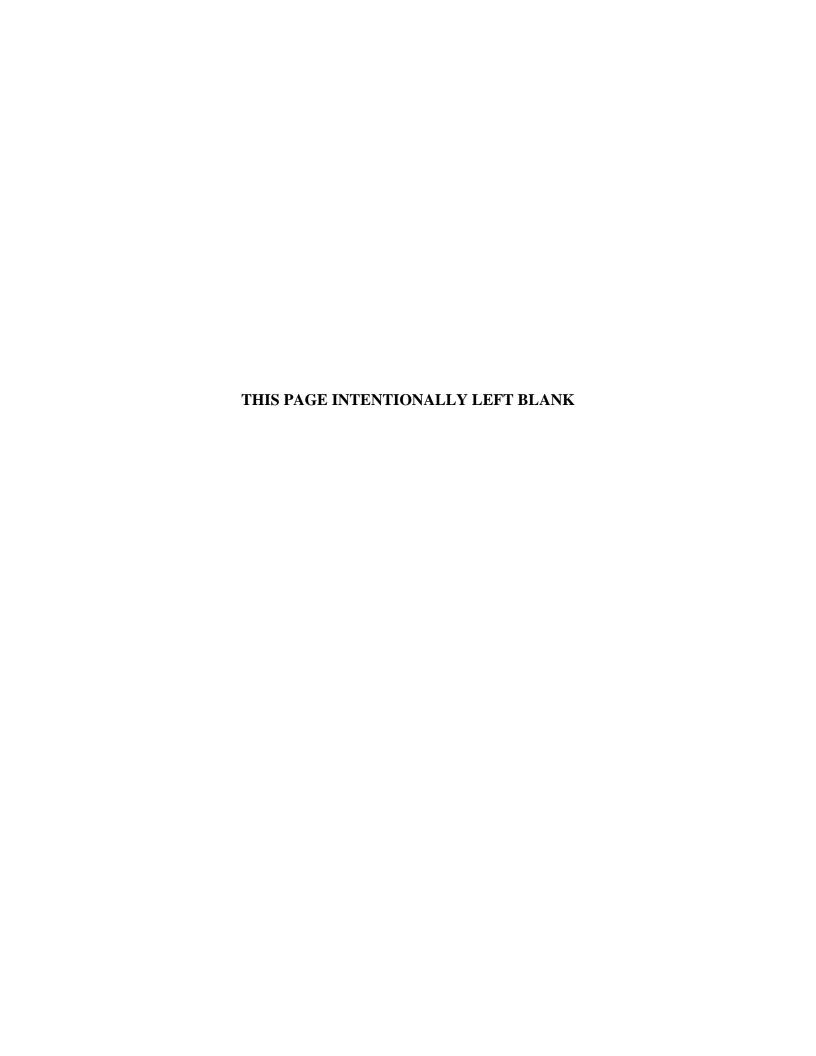

#### Note 4: <u>Cash and Investments</u> (continued)

The following is a summary of the credit quality distribution and concentration of credit risk by investment type as a percentage of their respective pool:

Total			100.00%

#### Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, the City's investment pool and specific investments had no securities exposed to custodial credit risk.

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 5: **Interfund Balances and Activity** (continued)

The composition of interfund balances as of June 30, 2008 is as follows:

#### **Due to/from other funds:**

Receivable Fund	Payable Fund	Amount	
General Obligation Debt Service	Internal Service Funds	\$	360,000

The amount due to the General Obligation Debt Service Fund is the Internal Service Funds' obligation for debt service related to bonds issued to liquidate capital leases in the Internal Service Funds.

#### Advances to/from other funds:

Receivable Fund	Payable Fund		Amount	
Internal Service Funds	Special Assessment Districts – Capital Projects Fund	\$	2,677,862	
Nonmajor Governmental Funds	Nonmajor Governmental Funds		3,380,248	
		\$	6,058,110	

The amounts owed to the Internal Service Funds represent loans to the Special Assessment Districts to be repaid from Special Assessments. The amount of \$3,380,248 is a note receivable from the City of Henderson Redevelopment Agency to other governmental funds for a land purchase.

#### **Internal Balances:**

#### Note 7: **Long-Term Debt**

#### A. New Debt Issuance

In March 2008, the City issued General Obligation Medium-Term Bonds, Series 2008 in the amount of \$1,162,000. The bonds were issued to pay all or a portion of the cost of acquiring police communication equipment for the City's Police Department. The bonds will mature annually on March 1 of each year starting in 2009 and ending in 2015. Interest on the bonds is payable on September 1 and March 1, commencing on September 1, 2008. Interest is fixed at 3.24%.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 7: **Long-Term Debt** (continued)

#### B. Advance Refundings

In August 2007, the City issued \$29,815,000 in General Obligation Water and Sewer Refunding Bonds, Series 2007. These proceeds were placed in an irrevocable trust with an escrow agent for the purpose of generating resources for all future debt service payments on \$29,840,000 of refunded debt. This advance refunding was undertaken to reduce total debt service payment over the next eleven years by \$1,528,327 and resulted in an economic gain of \$1,242,928.

**A** mounts

### C. Changes to Long-Term Debt

	 		-				
	\$ 305,000	\$	60,563	\$	15,320,000	\$	8,899,000

#### **E.** Special Assessment Bonds

Principal and interest are payable from the assessments levied. District T-2 is obligated, to the extent that it has legally available surplus funds, to apply such surplus funds to the purchase of property in the assessment district that is not sold as a result of foreclosure proceedings. The City has issued various special assessment debt with an outstanding balance of \$302,010,000. The City of Henderson is only acting as an agent for these bonds and is not liable for the debt.

#### F. Prior Year Defeasance of Debt

In prior years, the City defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. At June 30, 2008, outstanding general obligation bonds in the amount of \$90,890,000 are considered defeased.

#### Note 8: **Retirement Plan**

The City is a public employer participating in the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer defined benefit plan administered by PERS. All full-time employees are covered under the system. In addition, those part-time employees working at least twenty hours per week are covered. The City has no liability for unfunded obligations of the system as provided by Nevada Revised Statute (NRS) 286.110.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 8: **Retirement Plan** (continued)

Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under the Plan include pension benefits, disability benefits and death benefits.

Monthly benefit allowances for regular members are computed at 2.67% of average compensation (36 consecutive months of highest compensation) for each accredited year of service prior to retirement with a ceiling of 75% of the average compensation. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during his/her life and various optional monthly payments to a named beneficiary after his/her death. Regular members are eligible for retirement at age 65 with 5 years of service, age 60 with 10 years of service or any age with 30 years of service.

Police and firemen are eligible for retirement at age 65 with 5 years of accredited police and fire service, age 55 with 10 years of accredited police and fire service, age 50 with 20 years of accredited police and fire service or at any age with 30 years of accredited police and fire service. A member who retired on or after July 1, 1977 or is an active member whose effective date of membership is before July 1, 1985 and who has 36 years of service is entitled to a benefit of up to 90% of his/her average compensation. When members are eligible for the earlier retirement due to the increased service years, the ceiling limitation on monthly benefit allowances increases from the normal 75% to a maximum of 90% of average compensation. Regular members and members of the Police and Firemen Fund become fully vested as to benefits upon completion of 5 years of service.

Member contribution rates are established by NRS 286.450, which requires adjustments on each odd numbered year based on the actuarially determined contribution rate indicated in the biennial actuarial valuation. The City is enrolled in the employer pay contribution plan of PERS and is, therefore, required to contribute all amounts due under the Plan.

The City's contribution rates and amounts contributed for the last three years are as follows:

	Contributi	on Rate	Total	Actual
Fiscal	Regular	Police/	Required	% Contributed of
Year	<u>Members</u>	<u>Fire</u>	<b>Contribution</b>	Required Contribution
2007/08	20.50%	33.50%	\$ 36,216,707	100%
2006/07	19.75%	32.00%	\$ 32,052,626	100%
2005/06	19.75%	32.00%	\$ 28,963,067	100%

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 8: **Retirement Plan** (continued)

PERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599 or by calling (775) 687-4200.

### Note 9: Other Post-Employment Benefits (OPEB)

Plan Description: Eligible retirees can purchase health care coverage through two plans offered by the City of Henderson: a self-funded PPO and a fully-insured medical plan (Health Plan of Nevada). In addition to the plans offered by the City, eligible retirees may receive coverage through the Nevada Public Employees Benefit Program (PEPB). Retirees who receive coverage through the PEPB receive a direct subsidy from the City. The City also offers its retirees dental, vision and life insurance benefits which is mandated by Nevada Revised Statutes.

Contributions are required for both retiree and dependent coverage and range from \$61 to \$1,066 per month depending on the plan and the number of participants in the plan.

As of June 30, 2008, the City had 145 retirees receiving benefits and 1,042 active employees.

Annual OPEB Cost and Net OPEB Obligation: For fiscal year 2008 the City's annual OPEB cost was \$5,881,000. The City's Annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the fiscal year ended June 30, 2008 were as follows:

Annual required contribution	\$ 5,881,000
Interest on net OPEB obligation	
Adjustment of annual required contribution	
Annual OPEB cost	5,881,000
Contributions made	441,878
Change in net OPEB obligation (asset)	5,439,122
Net OPEB obligation (asset) beginning of year	
Net OPEB obligation (asset) end of year	\$ 5,439,122

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 9: Other Post-Employment Benefits (OPEB) (continued)

	Annual	Actual		
	OPEB	Employer	Percentage	Net Ending OPEB
Year ended	Cost	Contribution	Contributed	Obligation (Asset)
June 30, 2008	\$ 5,881,000	\$ 441,878	7.51%	\$ 5,439,122

In future years, three year trend information will be presented. Fiscal year 2008 was the year of implementation of GASB 45, and the City elected to implement prospectively; therefore prior year comparative data is not available.

Funded Status and Funding Progress: The funded status of the plan based on an actuarial valuation as of July 1, 2007, was as follows:

Actuarial accrued liability (AAL)	\$ 51,442,000
Actuarial value of plan assets	 
Unfunded actuarial accrued liability (UAAL)	\$ 51,442,000
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Covered payroll	\$ 139,601,934
UAAL as percentage of covered payroll	36.85%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

In the June 30, 2007 actuarial valuation, the unit credit actuarial cost method was used. The actuarial assumptions include a 5% discount rate. The actuarial value of assets is equal to the market value. The unfunded actuarial accrued liability is being amortized over a period of 30 years assuming a level percentage of projected payroll. The remaining amortization period at June 30, 2007 was 30 years.

The required schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. As fiscal year 2008 was the year of implementation of GASB Statement 45, and the City elected to apply the statement prospectively, only one year is shown. In future years, required trend data will be presented.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 10: **Risk Management**

State and local governments are subject to many types of claims such as worker's compensation, contractual actions, personal injuries and property damage.

GASB Statement No. 10 requires that a liability for claims be reported if information available prior to issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. In addition, there are also situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the financial statements are prepared. The "incurred but not reported" claims have been estimated based upon the City's past experience adjusted for current trends. The claims are included in the appropriate liability accounts.

The City maintains three self-insurance internal service funds for the following types of risk exposures:

**Liability Insurance** – The City has obtained \$5,000,000 in excess Commercial General Liability Insurance with a \$1,000,000 self-insured retention (SIR). In addition, the City continues to maintain the following coverages: a \$615 million blanket property insurance policy on all buildings and building contents with a \$100,000 deductible; a \$100,000,000 Boiler and Machinery policy with \$100,000 deductible; \$3 million Inland Marine coverage on a scheduled basis for heavy equipment with a \$100,000 deductible; a \$250,000 Commercial Crime policy with a \$2,500 deductible that covers employees dishonesty, forgery and alteration; and a \$10.1 million Fire Truck Physical Damage policy with a \$2,500 deductible.

The City maintains its self-insurance fund to cover all claims made or occurring prior to the effective date of the excess liability policy and all claims that fall under the \$1,000,000 SIR. The City's Risk Management Division works with the City Attorney's office; an outside claims adjusting firm; the excess insurance company and its administrator; and, applicable departments in handling claims filed against the City. In addition, the City obtains an actuarial analysis on a biannual basis.

**Worker's Compensation** – On April 1, 1993, the City became self-insured for worker's compensation claims. A third party administrator is utilized for claim payment. The City has a \$1,250,000 SIR for all employees per occurrence, with the maximum on all claims at statutory limits for the coverage period from April 1, 2008 through April 1, 2009.

**Group Health Insurance** – On July 1, 1992, the City became self-insured for employees health benefits, providing medical, dental and vision care for employees not covered under union provided health plans. The City maintains a specific stop loss policy of \$100,000 per participant per plan year with plan benefits subject to a \$2,000,000 lifetime maximum. A third party administrator is used to pay claims.

Notes to Financial Statements For the Year Ended June 30, 2008

Note 10: **Risk Management** (continued)

Changes in the funds' claims liability amounts for the years ended June 30, 2008 and 2007 were:

7: 11/ 2007/00	Liability Balance Beginning of Fiscal Year		(	Current Year Claims and Changes in Estimates		Claim Payments	Liability Balances at End of Fiscal Year

	\$	6,894,608	\$	10,323,815	\$	9,237,417	\$	7,981,006		

#### Note 11: **Joint Venture**

Pursuant to an interlocal agreement dated November 20, 2002, the City of Las Vegas, City of Henderson and the Clark County Water Reclamation District (Members) entered into a joint venture for the purpose of addressing water quality issues in the Las Vegas Wash and Las Vegas Bay of Lake Mead. The Members have worked jointly with other agencies on studies of alternate discharge options and share a common environmental, economic and regulatory interest in the efficient and responsible collection, treatment, reuse and discharge of municipal effluent. The studies have resulted in a program referred to as the System Conveyance and Operations Program (SCOP), which will produce the need for even greater coordination and cooperation in the funding, construction and operation of a regional system for the conveyance of effluent.

In order to carry out their purposes and objectives with respect to discharges from their respective treatment facilities, including the implementation of SCOP, the Members desired to create a separate legal entity. With this interlocal agreement, the Clean Water Coalition (CWC) was established pursuant to the provisions of Chapter 277 of NRS. The CWC is considered a political subdivision of the State of Nevada, separate from the Members. The primary function of the CWC is to carry out the purposes and objectives of the Members with respect to discharges from their respective treatment facilities, including the implementation of SCOP. The governing board of CWC will consist of one representative from each Member and an alternate representative from each Member.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 11: **Joint Venture** (continued)

This arrangement is considered a joint venture with an equity interest because 1) the agreement results in a contractual entity, 2) joint control exists in a governing board with one representative from each Member and 3) there is an ongoing financial relationship/responsibility on the part of the participating entities.

Based on studies analyzing each Member's present and projected daily peak discharge of effluent from their respective wastewater treatment facilities and, as negotiated by the Members the percentage capacity rights for the City of Henderson are 14%.

The underlying agreement creates an explicit, measurable equity interest in the resources of the joint venture and as such, this investment is reported as a separate line item on the government wide statements. As of June 30, 2008, the City of Henderson's investment in the joint venture is \$9,617,920. Separate audited financial statements and information for the joint venture are available by contacting the CWC Program Administrator at 1001 Whitney Ranch Drive, Suite 100, Henderson, Nevada, 89014.

#### Note 12: Commitments and Contingencies

#### A. Construction in Progress

Construction in progress in the total amount of \$214,694,096 at June 30, 2008 is reflected in the government-wide statements. Management estimates it will require an additional outlay of approximately \$215,464,902 to complete these projects.

#### B. Litigation

There are several lawsuits and unresolved disputes involving the City or its employees in which the City is represented by the City Attorney. However, in the opinion of the City Attorney these actions will not, in the aggregate, have a material adverse effect upon the operations or financial position of the City.

#### C. Lake Las Vegas

The City and the developers of Lake Las Vegas have established a sinking fund for the accumulation of \$30,000,000 to be used for stormwater treatment and/or conveyance in the event that the Federal Environmental Protection Agency (EPA) and the Nevada Division of Environmental Protection determine that more stringent stormwater treatment standards are required solely as a result of the creation of Lake Las Vegas.

Notes to Financial Statements For the Year Ended June 30, 2008

#### Note 12: Commitments and Contingencies (continued)

#### C. Lake Las Vegas (continued)

The sinking fund will be maintained for a period of thirty years commencing in 1989 after which the City will be allowed to utilize the fund proceeds, if any, for any appropriate municipal purpose. Developer contributions with accumulated interest are expected to constitute \$4,500,000 of the total. However, the developer filed for bankruptcy on July 17, 2008 so any contributions are uncertain at this time. The City intends to make contributions from property tax revenue that will be generated from increased assessed valuation resulting from the development.

#### D. Redevelopment Agency

The City of Henderson Redevelopment Agency entered into several promissory notes in the original aggregate amount of \$9,350,000 as part of an Owner Participation Agreement with various developers. In addition, the Agency has agreed to guarantee construction and term loans totaling \$2.6 million for one project in the event of default during construction, leasing or term out. The indebtedness represented by each note was payable solely and exclusively from a predetermined percentage of the Site Tax Increment received by the Agency on specific parcels of land and was not to be payable from any other source. Because the requirements to repay the notes were contingent on the Agency receiving sufficient Site Tax Increment on the specific parcels, these potential future obligations of the Agency have not been reflected in the financial statements in the past. On November 20, 2007, the Agency borrowed \$2,588,655 from the City to pay off the guarantee amount on one of the construction loans after the developer was unable to cure the loan. The Agency wrote off a note receivable in the amount of \$840,000 as a result of foreclosure proceedings on a property where the Agency held a second deed of trust. In addition, accrued interest associated with this note receivable in the amount of \$150,831 was also written off in the government-wide statement of activities

Notes to Financial Statements For the Year Ended June 30, 2008

### Note 13: **Restricted Net Assets**

Restricted net assets are assets that are subject to constraints either (1) externally imposed by creditors (such as debt covenants), grants, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

Restricted net assets at June 30, 2008 for governmental activities are as follows:

Restricted for general government	10.262.012	
Equipment repair and maintenance Multipurpose	10,362,812 2,206,578_

		 197,551,108
Total restricted net assets - business-type activities		\$ 214,753,110

#### Note 14: **Prior Period Adjustment**

Deferred revenue and the related charges for services revenue in the Development Services Fund was incorrectly estimated for the fiscal year ending June 30, 2007. As a result, this correction was recorded during the year ended June 30, 2008 as a prior period adjustment and net assets at July 1, 2007 were adjusted by \$5,400,825. Respectively, net income of the Development Services Fund for the year ended June 30, 2007 would have decreased by the \$5,400,825 increase in deferred revenue.

#### Note 15: **Special Item**

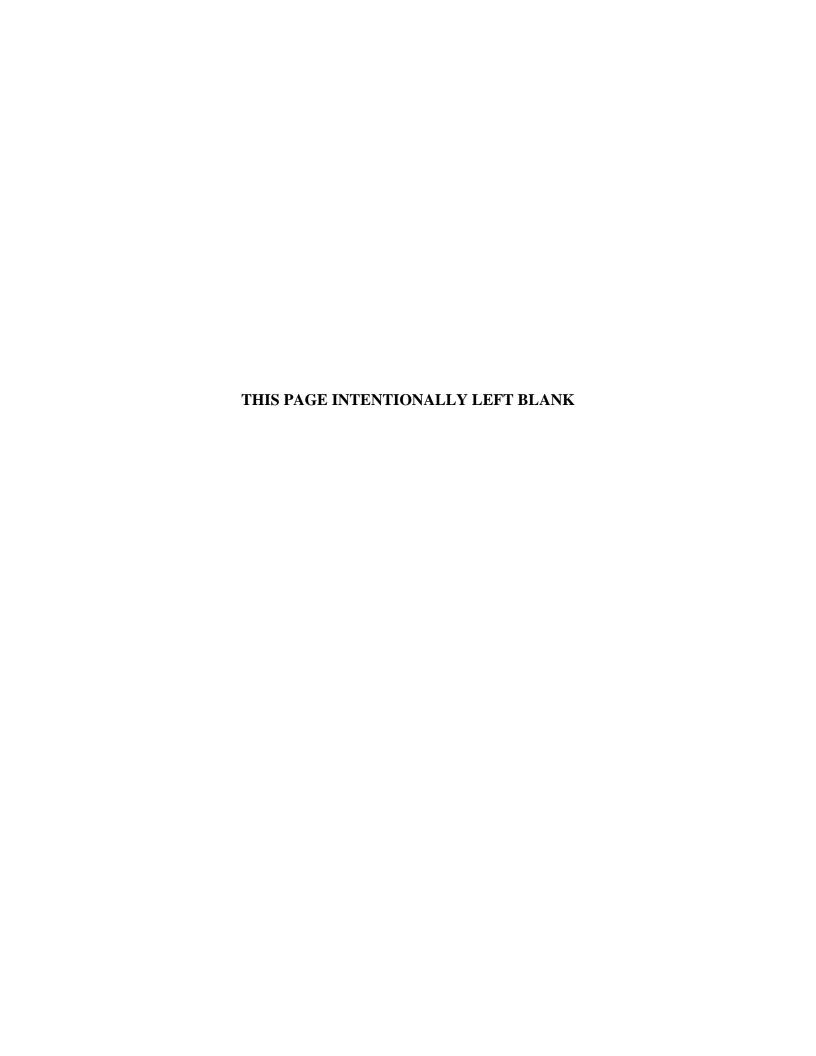

The City conveyed 503.77 acres of land to the Nevada System of Higher Education, a public agency of the State of Nevada. Land was conveyed by interlocal agreement as authorized under the Clark County Conservation of Public Land and Natural Resources Act of 2002 for the development of the Nevada State College campus. The donated land had been recorded in the City's capital assets in the amount of \$13,888,499.

<sup>(1)</sup> The City implemented GASB 34, the new reporting standard, in fiscal year 2002. Therefore, ten years of data is not available but will be accumulated over time.

- (2) Fiscal year 2005 was the first year of a new enterprise fund The Municipal Golf Course Enterprise Fund.
- (3) Increase due mainly to property owner contributions for two special assessment districts for which the City is not liable.
- (4) Increase due to new police sales tax.
- (5) Increase mainly due to increases in redevelopment property taxes. These increases were due to a new redevelopment area and also a significant number of homes built in another redevelopment area. Other increases are due to growth in assessed valuation.
- $(6)\ Increase\ due\ to\ higher\ cash\ and\ investment\ balances,\ higher\ interest\ rates,\ and\ market\ value\ increases.$
- (7) Increase due to a significant land sale to Cashman Equipment for which the City gave up land with a minimal value.
- (8) Land donation to the Nevada System of Higher Education for the development of the Nevada State College campus

<sup>(1)</sup> Previous to fiscal year 2003, Special Assessment Debt for which the City was not liable was erroneously recorded in the City's financial statements and transactions were recorded in the Special Assessment Debt Service Fund. A prior period adjustment was made in fiscal year 2003 to take this debt off the City's financial statements.

<sup>(2)</sup> Increase in reserved fund balance is due to reserve for encumbrances being reported in all funds that have encumbrances beginning in fiscal year 2008. Previously only the General Fund reported reserve for encumbrances.

Debt service as a percentage of noncapital										
expenditures (8)										

- (1) Previous to fiscal year 2003, special assessment debt for which the City was not liable was erroneously recorded in the City's financial statements. Assessment revenues, assessment interest income, and principal and interest debt service payments were all recorded in the Special Assessment Debt Service Fund. A prior period adjustment was made in fiscal year 2003 to take this debt off the City's financial statements.
- (2) In fiscal years 2003, 2005 and 2006 there were large property owner contributions related to special assessment bonds for which the City is not liable. (3) Prior to 2002, Miscellaneous Interest was included in the Miscellaneous category.
- (4) Fiscal year 2005 was the first year of the community support function. Previous to that, it was reported in general government.
- (5) Fiscal year 2002 was the first year capital outlay was broken out by function.
- (6) Fiscal year 2003's large capital outlay is due to the City Hall expansion.
- (7) Fiscal year 2002's large capital outlay is due to the construction of several major recreational facilities.
- (8) Prior to the implementation of GASB 34 in fiscal year 2002, this ratio was computed by dividing principal and interest by total expenditures, less capital outlay. Fiscal year 2002 and forward, this ratio is computed by dividing principal and interest by total expenditures less amounts that are capitalized on the accrual basis government-wide statement of net assets.
- (9) Increase due mainly to construction of special assessment infrastructure
- (10) Increase due to increases in redevelopment property taxes. These increases were due to a new redevelopment area and also a significant number of homes built in another redevelopment area. Other increases are due to growth in assessed valuations.
- (11) Increase due to higher cash and investment balances, higher interest rates, and market value increases.
- (12) Increase due to a significant land sale to Cashman Equipment for which the City gave up land with minimal value.

The State Constitution has a maximum rate limit of \$5 per \$100 assessed value and Nevada Revised Statutes further lower the limit to a total combined tax rate of \$3.64.

(1) Overlapping rates are those of local and county governments that apply to property owners within the City of Henderson. Not all overlapping rates apply to all City of Henderson property owners (e.g., the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the special district).

2006	171,795,000	4,352,167	167,442,833	0.56%	654
2007	158,455,000	6,740,546	151,714,454	0.36%	571
2008	147,314,000	6,072,215	141,241,785	0.30%	523

Notes:

- (1) See Schedule of the Assessed Value and Estimated Actual Value of Taxable Property on Table 5 for property value data.
- (2) Population data can be found on Table 14.

Details regarding the City's outstanding debt can be found in the notes to the financial statements

#### Direct and Overlapping Governmental Activities Debt June 30, 2008

		Total General Obligation Debt		Less Debt Service Fund Balance		Net Debt Outstanding		% Applicable	Applicable Net Debt	
	City of Henderson	\$	380,141,507	\$	6,072,215	\$	374,069,292	100%	\$	374,069,292
	Henderson District Public Libraries		1,517,000				1,517,000	100%		1,517,000
	Clark County		589,035,000		150,287,861		438,747,139	14.99%		65,768,196
	Clark County School District		5,006,996,000		632,042,651		4,374,953,349	14.99%		655,805,507
120	Las Vegas-Clark County Library District		22,750,000		8,728,441		14,021,559	18.24%		2,557,532
	Total Overlapping Debt									725,648,235
	Total Direct and Overlapping Debt								\$	1,099,717,527

Source for debt amounts for overlapping entities is the various local governments; percentage applicable is derived from the State of Nevada Department of Taxation's "Local Government Finance Redbook."

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Henderson. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

#### Notes:

<sup>(1)</sup> Does not include matured and unredeemed bonds.

<sup>(2)</sup> The Tax Allocation Bonds issued by the City of Henderson Redevelopment Agency do not constitute indebtedness within the meaning of the statutory debt limitations.

<sup>(3)</sup> Previous to fiscal year 2003, Special Assessment Debt for which the City was not liable was erroneously recorded in the City's financial statements and transactions were recorded in the Special Assessment Debt Service Fund. A prior period adjustment was made in fiscal year 2003 to take this debt off the City's financial statements.

Notes:

- (1) Total operating expenses, exclusive of depreciation.
- (2) Includes payoff of assessments used for debt service in the following fiscal year.
- (3) Previous to fiscal year 2003, special assessment debt for which the City was not liable was erroneously recorded in the City's financial statements. Assessment revenue, assessment interest income, and principal and interest debt service payments were all recorded in the Special Assessment Debt Service Fund. A prior period adjustment was made in fiscal year 2003 to take this debt off the City's financial statements.

Details regarding the City's outstanding debt can be found in the notes to the financial statements.

#### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Henderson, as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 30, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Henderson's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

#### Internal Control Over Financial Reporting (continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Henderson's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, others within the entity, the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

#### Compliance

We have audited the compliance of the City of Henderson, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The City of Henderson's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Henderson's management. Our responsibility is to express an opinion on the City of Henderson's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Henderson's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Henderson's compliance with those requirements.

In our opinion, the City of Henderson complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 08-SA-1, 08-SA-2, and 08-SA-3.

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

#### Internal Control Over Compliance

The management of the City of Henderson is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Henderson's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Henderson's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the City's internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies and others that we consider to be material weaknesses.

A *control* deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant* deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 08-SA-1, 08-SA-2, and 08-SA-3 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. Of the significant deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs, we consider item 08-SA-1 to be a material weakness.

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit City's response and, accordingly, we express no opinion on it.

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

This report is intended solely for the information and use of management, others within the entity, the City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2008

#### Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of the City of Henderson, except for those activities of the City of Henderson Redevelopment Agency. The City of Henderson's reporting entity is defined in Note 1 to the City's basic financial statements. Federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule. The City of Henderson Redevelopment Agency is a component unit of the City of Henderson. A separate report has been issued for the City of Henderson Redevelopment Agency.

#### Note 2: **Basis of Accounting**

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting.

#### Note 3: **Relationship to Financial Statements**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the City's financial statements. Federal award revenues are reported principally in the City's financial statements as intergovernmental revenues in the Multipurpose Special Revenue fund.

#### Note 4: **Subrecipients**

Of the federal expenditures presented in the Schedule of Expenditures of Federal Awards, the City of Henderson provided federal awards to subrecipients as follows:

Federal		<b>A</b> 4
<u>CFDA</u>	Subrecipient	 Amount
14.218	Community Development Block Grants/Entitlement Grants	\$ 1,121,837

Non-Compliance in Relation to a Compliance

Supplement Audit Objective

Award No. Various

Year: 2007-2008

#### Criteria

Procurement, suspension and debarment is one of the 14 compliance requirements included in Part 3 of the OMB Circular A-133 Compliance Supplement. On November 26, 2003, revised suspension and debarment rules were published in the Federal Register (68FR66583–66632). Under these rules, for any federally-funded transaction which equals or exceeds \$25,000 with a vendor or for transactions in any amount with a subrecipient, the non-federal entity is obligated to check to make sure that the other party to the transaction is not suspended or debarred. As well, the debarment rules provide that this requirement be imposed on, and relevant information provided to, all subrecipients of federal funds.

#### Condition

We inquired about the Department's procedures regarding suspension and debarment and learned that the Department does have procedures in place to verify that large vendors are not suspended or debarred. However, we tested seven projects and noted that large vendors from four projects were used while the Department did not verify that these vendors were not suspended or debarred.

#### **Questioned Costs**

No costs are questioned.

#### Perspective

This requirement was neglected in 57.15% of the projects examined.

#### Effect of the Condition

The federal government can reject a claim for federal funds reimbursement when the underlying transaction was with a suspended or debarred individual or entity.

# Finding 08-SA-1 (continued)

# (continued) Community

Development Block Grants/Entitlement Grants CFDA 14.218

Award No. Various

Year: 2007-2008

#### Recommendation

We recommend that the Department implement procedures which require that on any federally-funded transaction, which equals or exceeds \$25,000 or for any amount with a subrecipient, that the Department conduct a review to ensure that the other party to the transaction is not suspended or debarred. Lists of suspended and debarred parties are available online from the Excluded Parties List System at <a href="http://www.epls.gov">http://www.epls.gov</a>>.

#### Corrective Action Plan

Staff has corrected the files in question by conducting an Excluded Parties List Search (EPLS) on the internet and placing verification of the search results in the sub-recipient files. Procedures are now in place to assure that all federal transactions equal to or greater than \$25,000 will be properly searched and reviewed to ensure that no future parties to these transactions are suspended or debarred.

Danielle Turner Grants Program Coordinator 702- 267-2019

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2008

Finding/Program

#### Findings/Noncompliance

Finding 08-SA-2

Federal Grantor: U.S. Department of the Interior

Pass-Through Entity: None

Southern Nevada Public Land Management Act CFDA 15.227 Compliance Requirement: Procurement and Suspension and Debarment Reporting Requirement: Significant Deficiency; Material Non-Compliance

in Relation to a Compliance Supplement Audit

Objective

Award No. Various

Year: 2007-2008

#### Criteria

Procurement, suspension and debarment is one of the 14 types of compliance requirements included in Part 3 of the OMB Circular A-133 Compliance Supplement. On November 26, 2003, revised suspension and debarment rules were published in the Federal Register (68FR66583–66632). Under these rules, for any federally-funded transaction which equals or exceeds \$25,000 with a vendor or for transactions in any amount with a subrecipient, the non-federal entity is obligated to check to make sure that the other party to the transaction is not suspended or debarred. As well, the debarment rules provide that this requirement be imposed on, and relevant information provided to, all subrecipients of federal funds.

#### Condition

We inquired about the Department's procedures regarding suspension and debarment and learned that the Department does have procedures in place to verify that large vendors are not suspended or debarred. However, the Department used one large vendor without verifying that the vendor was not suspended or debarred.

#### **Questioned Costs**

No costs are questioned.

#### Perspective

We do not believe that any additional information will assist in providing proper perspective.

#### Effect of the Condition

The federal government can reject a claim for federal funds reimbursement when the underlying transaction was with a suspended or debarred individual or entity.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2008

#### Finding/Program

#### Findings/Noncompliance

# Finding 08-SA-2 (continued)

Southern Nevada Public Land Management Act CFDA 15.227

Award No. Various

Year: 2007-2008

#### Recommendation

We recommend that the Department implement procedures which require that on any federally-funded transaction, which equals or exceeds \$25,000 or for any amount with a subrecipient, that the Department conduct a review to ensure that the other party to the transaction is not suspended or debarred. Lists of suspended and debarred parties are available online from the Excluded Parties List System at <a href="http://www.epls.gov">http://www.epls.gov</a>>.

#### Corrective Action Plan

The Parks and Recreation Department will coordinate with other City departments that are involved with Southern Nevada Public Lands Management Act projects, to develop and implement procedures to ensure that our vendors are not suspended or debarred.

#### Findings/Noncompliance

#### Finding 08-SA-3

Aging Cluster

Federal Grantor:
Pass-Through Entity:

U.S. Department of Health and Human Services State of Nevada, Division of Aging Services

Compliance Requirement: Reporting Reporting Requirement: Significant

Significant Deficiency; Material Non-Compliance

in Relation to a Compliance Supplement Audit

Objective

CFDA 93.044, 93.045 and 93.053

Award No. Various

Year: 2007-2008

#### Criteria

The Department provides nutrition services to individuals aged 60 or older, including meals and nutrition education, either in the home or in a congregate setting. Other, related supportive services and the senior center are normally funded under the nutrition services program. The Department is required to file the Quarterly Financial Report – Nutrition Fixed Fee Report with the State of Nevada Department of Aging showing the number of homebound meals that they served. In order to complete this quarterly report accurately the Department must count the number of homebound meals served each day and maintain the appropriate back-up to support the count.

#### Condition

During our audit we noted the total number of homebound meals claimed on the Quarterly Financial Report – Nutrition Fixed Fee Report which was filed with the State of Nevada Department of Aging for the fourth quarter (April 2008 – June 2008) of fiscal year 2007/2008 was 18,625. This same period is the grant's third quarter because it is funded on a federal fiscal year and not the City's fiscal year. Based on the documentation provided to us during our audit we could only substantiate 18,190 homebound meals being served during this period. The discrepancy is 435 homebound meals.

#### **Questioned Costs**

No costs are questioned.

#### **Perspective**

The Department was unable to substantiate 435 homebound meals, which is 2.34% of total meals served.

#### Findings/Noncompliance

## Finding 08-SA-3

### (continued)

#### Aging Cluster CFDA 93.044. 93.045 and 93.053

#### Award No. Various

Year: 2007-2008

#### Effect of the Condition

The federal government can reject a claim for federal funds reimbursement if the Department is unable to substantiate the amount of homebound meals served during a reporting period.

#### Recommendation

We recommend that the Department implement procedures which will verify the accuracy of the count of the homebound meals served each day and reconcile the meals reported to back-up documents prior to submission of the report.

#### Corrective Action Plan

Procedures have been implemented to ensure accuracy for the homebound daily counts. The Dispatcher counts daily and records the delivery information into SAMS (the online program utilized by the State of Nevada for delivery reporting) this data is verified by the Recreation Program Coordinator via the SAMS "Delivery Totals" report to verify count accuracy.

#### Audit Reference Number

#### Status of Prior Audit Findings

#### Finding 07-SA-3

Edward Byrne Memorial State and Local Law Enforcement Assistance Discretionary Grant Program CFDA 16.580

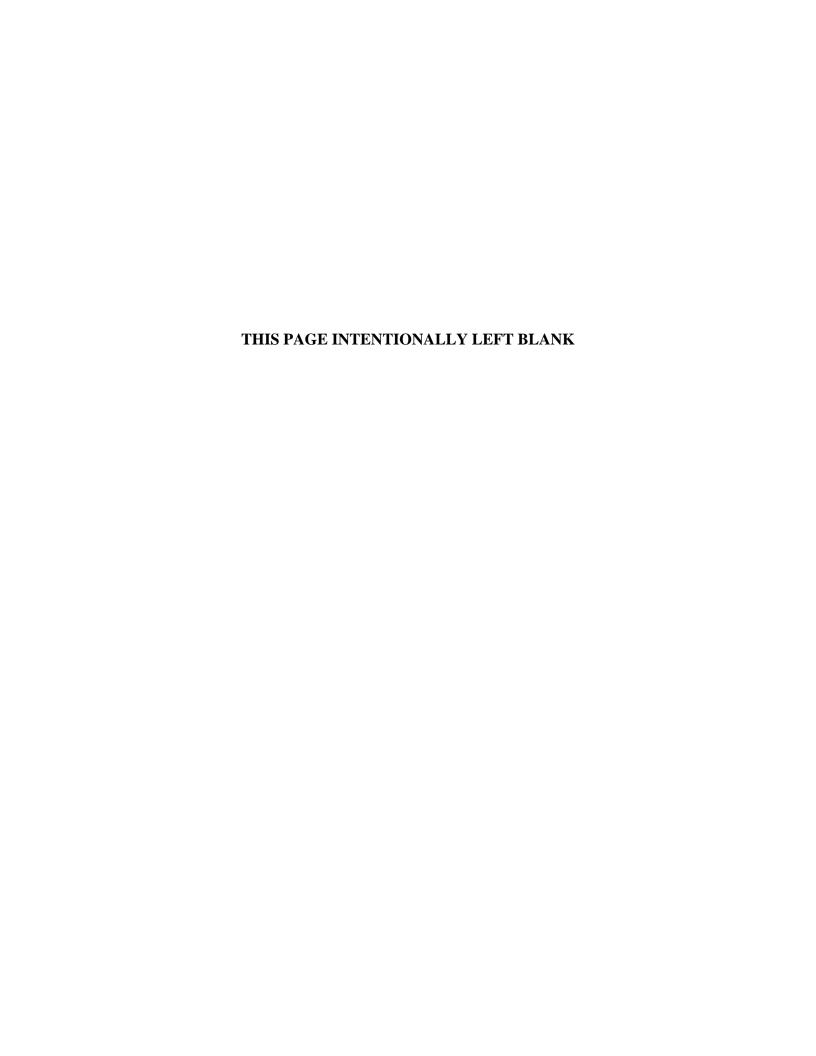

Award No. 2005-DD-BX-1193 Year: 2006-2007

#### Recommendation

We recommend that the Department establish procedures to identify when formal budget modification requests should be submitted. Periodic comparisons of expenditures to budgetary grant category totals will help to identify if a category is approaching the maximum allowable amount.

#### Status

Corrected.

#### **AUDITOR'S COMMENTS**

#### STATUTE COMPLIANCE

The required disclosure on compliance with the Nevada Revised Statutes and Nevada Administrative Code is contained in Note 3 to the financial statements.

#### PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The following action was taking during 2007-08 relating to the potential violations reported in the June 30, 2007 audit report:

• Actual expenditures and expenses were monitored during the year ended June 30, 2008. There were, however, overexpenditures during the current year as reported in Note 3 to the financial statements.

#### PRIOR YEAR RECOMMENDATIONS

There were no specific recommendations made in the audit report for the year ended June 30, 2007.

#### **CURRENT YEAR RECOMMENDATIONS**

We did not find any financial weaknesses of a magnitude to justify inclusion within our audit report.

#### NEVADA REVISED STATUTE 354.6115

The financial statements of the Financial Stabilization Special Revenue Fund are located in this report.

#### NEVADA REVISED STATUTE 354.598155

The Special Ad Valorem Transportation Capital Projects Fund expended the following amounts during the year ended June 30, 2008:

Public Works – Services and supplies	\$	4,869
<ul><li>Capital outlay</li></ul>		73,602
Transfer to General Obligation Debt Service Fund		2,361,155
•	<u>\$</u>	2,439,626

\*\*\*\*

The City of Henderson's continuing efforts toward superior financial reporting and presentation were again acknowledged by the Government Finance Officers Association when the City was awarded the Certificate of Achievement for Excellence in Financial Reporting for its June 30, 2007 Comprehensive Annual Financial Report. We congratulate the City on this achievement.

#### INDEPENDENT ACCOUNTANT'S REPORT ON NEVADA REVISED STATUTE 354.6241

To the Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

We have reviewed the assertion provided by management in accordance with Nevada Revised Statute 354.624 (5)(a):

- The identified funds are being used expressly for the purpose for which they were created,
- The funds are administered in accordance with accounting principles generally accepted in the United States of America,
- The reserved fund balances/net assets in the funds were reasonable and necessary to carry out the purposes of the funds at June 30, 2008 (based on the interpretation of reasonable and necessary provided by the Legislative Counsel Bureau),
- The sources of revenue, including transfers, available for the funds are as noted in the financial statements,
- The funds conform to significant statutory and regulatory constraints on its financial administration during the year ended June 30, 2008 (except as previously noted under statute compliance),
- The balance and net assets of the funds are as noted in the financial statements.

This assertion is the responsibility of the management of the City of Henderson, Nevada.

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the assertion. Accordingly, we do not express such an opinion.

The Honorable Mayor Members of the City Council and City Manager City of Henderson, Nevada

Based on our review, nothing came to our attention that caused us to believe that the assertion provided by management referred to above is not fairly stated in all material respects.
