Informational Bulletin

Issue 081

COHFireSafety@CityofHenderson.com

October 15, 2008

**SAVE TIME & MONEY !**  
**PRE-DESIGN FLEXIBLE PIPE DROPS**  
**FOR SHELL BUILDINGS**

**The City of Henderson is now offering use of Flexible Pipe Drops without your having to calculate the tenant improvement plans.**

If chosen by the designer, this new design option will allow tenant improvement plans to be reviewed over the counter (less than 25 flex-drop heads).

***The attached sheet lists 8 items that are required for this design option.***

However, the designer can always choose other design options and follow the existing design procedures for shell buildings and flex-drops.

*More options for the designer to choose from.*
