Re: Service Lateral Replacement Project – FY21 Construction Delay Notice

Dear Homeowner,

The City of Henderson sent a letter dated March 1, 2022, discussing the replacement of the publicly owned water service laterals in your neighborhood, including the line that serves your home. This work was expected to start in April 2022, however, due to the supply chain issues that are causing many material shortages, the contractor has notified the City that construction has been delayed and could start in 14-16 weeks (this is an estimate only). The City will notify you when the construction start date is confirmed.

Thank you for your understanding and patience. For more information, please scan the QR Code below, or with specific questions, please email [utilitiescommunications@cityofhenderson.com](mailto:utilitiescommunications@cityofhenderson.com).

Sincerely,

Department of Utility Services
